## U.S. Political Cauldron Comes To Fresh Boil

Kennedy, Johnson Count Up Delegate Votes for Convention

By THE ASSOCIATED PRESS  
With the national convention season just two and a half weeks away, the political cauldron has come to a rolling boil. Some of the bubbles that came to the surface Thursday:

—Sen. John F. Kennedy of Massachusetts, front runner for the Democratic prize, snared his largest single bloc of convention votes so far when 91 1/2 of New York's 114 were pledged to him.

—Backers of Sen. Lyndon B. Johnson of Texas figured Kennedy will have over 600 votes when the convention starts July 11, but said their man would have 502 and claimed his total would swell in later ballots unless Kennedy manages to sweep the board on the first ballot; 761 convention votes are needed to nominate.

—President Eisenhower, golfing in Hawaii after his Far East trip, was reported drafting a reply to mounting Democratic criticism of his foreign policy, particularly the consequences of the cancellation of his visit to Japan.

Eisenhower talked by phone with Vice President Richard M. Nixon, the GOP's prospective nominee, for the first time since leaving on his trip.

Eisenhower's press secretary, James C. Hagerty, said the President "is somewhat puzzled and amused that some of these same gentlemen were saying before the trip it would be a catastrophe if he didn't go to Japan." Hagerty didn't say which Democrats he meant.

Kennedy's New York strength brought his unofficial total of votes to 484, according to an Associated Press tabulation. His camp claims he will go into the convention with more than 600; the AP tabulation counts votes determined by state primaries, state convention actions and polls of individual delegates willing to announce their stand.

Johnson's total in the AP list now is 202 1/2. He got 2 1/2 votes from the New York delegation meeting at Albany, N. Y.

At Trenton, N. J., Robert J. Burkhardt, a close political advisor to Gov. Robert B. Meyner, said he thinks the state's 41-vote delegation should switch to Kennedy now. It presently is pledged to Meyner as a favorite son.

A nationwide movement to draft Adlai E. Stevenson for the Democratic nomination was proclaimed by James Doyle, a 45-year-old lawyer from Madison, Wis.

Doyle had no visible support from Stevenson, who has said repeatedly he is not a candidate, but keeps making speeches like one. Doyle also had no support from the national party chairman, Paul M. Butler, who refused him working space at the headquarters hotel in Los Angeles on the ground that Stevenson would have to ask for it himself.

Stevenson said at Waukegan, Ill., that both parties should keep Mr. Khrushchev out of the 1960 campaign. He added "our elections have always been our own business. Let's keep them that way."

But Stevenson kept up his criticism of Eisenhower's foreign policies and had this to say about the Japanese affair:

"What is clear is the proposed visit to Japan has accomplished (Continued on Page 2)

## Hiking Briton Heads For West Virginia

CAMBRIDGE, Ohio (AP)—Dr. Barbara Moore, getting a "late" (3:43 a.m. EST) start today after oversleeping, headed toward an Ohio River crossing and a look at state No. 10—West Virginia—on her trans-American walk.

Within 10 minutes after she left a hotel here, she was caught in a heavy rainstorm. An Ohio Highway Patrol car and a city police car escorted her out of Cambridge.

The hiker hoped to reach Wheeling, W. Va., by tonight. From there it's only a few miles into Pennsylvania, the home stretch of her trek from California to New York City.

## Beatnik Flees Yen of the Yang

MILWAUKEE, Wis. (AP)—Bohemian Bob, a plump, self-proclaimed beatnik, tried to hole up Thursday night in his "The Yen of the Yang."

His "yen" was the window of a Milwaukee store that he had rented. His tenancy there, however, was short-lived.

Today he is in police custody in a hospital, nursing cuts on his hands and arms and facing a charge of disorderly conduct.

This is the story related by Milwaukee police: Robert Schweda, 29, (Bohemian Bob), rented the store and painted numerous signs. He displayed them in the store window. They stated he wanted business as an author and a painter.

He also painted in one window signs in red letters reading "Help Beatnik Trapped." Even a beatnik knows that it should be beatnik.

On one window he painted "The

Yen of" and on the other window "The Yang."

Then he stood in one window and posed as "The Thinker," scowling at the several hundred persons who were attracted by the display.

The crowd finally drew police and they asked Schweda to come out.

Instead he nailed shut both front and rear entrances, and again took up his pose in the window.

Deputy Inspector Hans Kremsreiter decided that Schweda was causing a disturbance and creating a nuisance. He ordered his men to break in the door.

Officers started to break in the rear door. Schweda retaliated by throwing a hammer through a plate glass window.

He was subdued and handcuffed but not before he had grabbed the edge of the broken window. He was pulled out by about six officers.

## City School Board Orders Immunization of Children

All Circleville School system children entering the sixth grade through high school must have immunization records to present their teachers on opening day of school this fall.

This announcement was made today by the City Board of Education in cooperation with the Circleville Board of Health.

Immunization records must be presented teachers if students wish to continue to be enrolled in the city school system.

Immunizations may be received from family doctors or from the Health Commissioner's office for indigent families.

BEFORE receiving immunizations from the family doctors, record cards must be picked up from the health office, located on the first floor of the Municipal Building, S. Court St.

Doctors do not have the necessary record cards, only the health office. Certificates, other than those distributed by the health department, will not be acceptable.

Immunizations for children of indigent families will be administered at the health office on Mondays

and Fridays only. Immunizations will start there on Monday and run through the opening of school, August 30.

Children entering the first grade this fall must have a complete physical examination, all immunizations and a certificate stating such.

Children entering the first grade, who are financially unable to have their family doctor administer the examination and immunization, must attend the annual Pre-School Clinic, sponsored by the City Parent Teachers Assn.

Immunization is required by state law, which says that no pupil will be admitted to any city school without an immunization

WRITTEN evidence, satisfactory to the teacher in charge of admission, must be shown that the pupil has received, or is in the process of receiving, immunization against poliomyelitis, smallpox, diphtheria, whooping cough and tetanus.

During the past five years the first five grades have received their required immunizations, making it necessary to start checking immunizations with the sixth grades and up this fall.

## Teays Valley Residents See Building Program a 'Must'

This is the third and final in a series of articles concerning the question of returning the \$1,900,000 high school bond issue for the Teays Valley School District to the ballot for a third time.

Many prominent Teays Valley School District businessmen, property owners and farm owners Monday night decided that little could be cut from the proposed \$1,900,000 high school bond issue if it is to be of any real value to the community.

These men, numbering 40, discussed what could be sliced from the proposed high school with the Teays Valley Board of Education and Stan Martin, representative of the school's architectural firm, McLaughlin and Keil, Lima.

After more than an hour's discussion, it was decided by the majority that nothing could be cut that

would not be missed in years to come.

School officials were of the opinion that the McLaughlin and Keil designed high school was as inexpensive at 85 cents per cubic foot as it could be.

BUT THEY warned that because of the delay, the school may cost more than originally estimated due to construction costs and prices of materials which have risen in the past year.

Martin then took the floor and read off the cuts that were possible, their advantages and disadvantages. He opened his talk by explaining that an industry looking for a new location investigates a community's schools and churches before its looks any further.

He said the school could do with-

out terrazo floors, but that other type flooring will not last a lifetime as will terrazo. He said other flooring must be replaced quite often.

He said glazed tiling on the walls could be replaced with block walls, but cement blocks get dirty easily and would have to be painted to get clean.

"Glazed tile can be wiped clean with a sweep of a cloth, eliminating the expense of purchasing paint and hiring the labor to paint over grimy block wall," he said.

If acoustic ceilings are replaced with just the bar joists, insurance rates automatically go up, plus the fact that bar joists collect dust and cobwebs.

# Castro Hints Confiscation If U.S. Cuts Sugar Quota

## Cost of Living Hits Another Record High

WASHINGTON (AP)—The cost of living edged up one-tenth of one per cent in May, setting a new record for the third month in a row.

Reporting this today, the Labor Department announced its consumer price index reached 126.3 per cent of the 1947-49 average.

Higher food prices were chiefly responsible for the rise.

As a result of the rise, about 200,000 workers in the aircraft, meatpacking, chemical, trucking and metal working industries will get cost-of-living pay boosts. Their wage contracts have clauses providing for adjustments in relation to living costs.

For most of the workers, the pay increase will be one to two cents an hour.

Despite the slight rise in prices, the buying power of the average factory worker's paycheck rose slightly. Longer hours of work boosted his spendable earnings by 70 cents, or one per cent.

Nevertheless, buying power in May still was 2 per cent below that of a year ago.

In May, as in April, food prices were up more than seasonally. The rise was especially marked as to fresh fruits and vegetables.

Consumer services also were higher. These included medical care, which rose three-tenths of one per cent.

Among the declining costs were those of new and used cars, tires and gasoline.

Housing costs declined for the first time in almost two years— not because of lower prices for dwellings but due to dips in prices of home furnishings, fuels and household operations.

Arnold Chase, price chief of the Bureau of Labor Statistics, said prices of fresh fruits, vegetables and pork may have climbed again this month. But auto prices should go down seasonally, so that the spring advance in over-all living costs may give place to a reasonable summer stability.

The index in February climbed back to the record level of last November and has not stopped rising since.

The May increase, however, was only one-fourth as great as that of April.

## Woman Dies, Cleric Hurt in Accident

DAYTON, Ohio (AP)—A woman whose auto stalled on U.S. 40 was killed, and a minister, who was helping her, was injured early today when they were struck by a tractor-trailer truck, the Highway Patrol reported.

Killed was Edna Elaine Arrington, 21, of nearby Clayton. Injured was the Rev. George W. Allison of Pocahtontas, Ark.

Patrolmen said the woman's car apparently stalled on the highway about 2 1/2 miles east of the intersection with Ohio 48. The Rev. Mr. Allison had stopped to help the woman when the truck crashed into the group from the rear.

The truck driver, Clayton Schindler, 30, of Mansfield was unhurt.

## Ike Talk with Nixon Hints Of GOP Concern on Policy

HONOLULU (AP)—President Eisenhower's conference with Vice President Richard M. Nixon by telephone may well reflect Republican concern over Democratic attacks on administration foreign policy this election year.

Eisenhower, vacationing in Hawaii after his controversial Far Eastern tour, talked Thursday to Nixon in Washington.

Eisenhower and Nixon discussed the tour, including the furor-stirring cancellation of the three-day visit the President had expected to make to Japan. Eisenhower has blamed blimping of the visit on Communist-inspired rioting in Tokyo.

The President also talked over with Nixon the television-radio report which Eisenhower will make to the American people Monday night on his Far Eastern journey.

The President will speak from Washington, and his 30-minute address, starting at 6:30 p.m. Eastern Standard Time, will be carried live by most of the networks. Others are scheduling delayed broadcasts later in the evening.

After reporting the Eisenhower-Nixon telephone conference, White House Press Secretary James C. Hagerty was asked whether the President had any comment on what newsmen called mounting criticism by Democrats of Eisenhower's tour.

"Not specifically," Hagerty replied, "But he is somewhat puzzled and somewhat amused by the fact that some of these same gentlemen were saying eight days ago that it would be a catastrophe if he didn't visit Japan."

There is small likelihood, however, that either Eisenhower or Nixon is truly amused by the fresh flurry of attacks by some key Democrats on administration

foreign policy generally and the Japanese visit collapse particularly. Among Democrats firing criticism have been Sen. Lyndon B. Johnson of Texas, regarded as a contender for his party's presidential nomination; Sen. Mike Mansfield of Montana, assistant majority leader of the Senate; and Sen. Hubert H. Humphrey of Minnesota, a member of the Senate Foreign Relations Committee.

Cancellation of the Japan visit, coming after the U2 spy plane episode and collapse of the May summit conference, has put the administration under perhaps the heaviest attack in the foreign policy field in seven and a half years.

There seems no doubt now that the policy will be a major campaign issue. And Nixon, as the almost sure bet Republican presidential nominee, is put in the position of having to deal with the opposition attacks.

Eisenhower is in the same position, of course, so his Monday night report cannot help but add up to a reply to the Democrats.

## Red Role in Cuba Pondered by U.S.

WASHINGTON (AP)—George V. Allen, director of the U.S. Information Agency, declared today the Soviet Union may be engaged in a tit-for-tat effort to establish a Communist base at the edge of the United States.

Such an objective as a counter to the U.S. bases near the Soviet Union, Allen told a House Foreign Affairs subcommittee, could account for international communism's "new and intensified campaign for intervention" in Latin America.

That area of the world is a prime Communist target, Allen said, and "the Cuban revolution, with its extreme leftist overtones, has opened the door to increased Communist penetration of this hemisphere."

He testified that Soviet Premier Nikita Khrushchev, who plans to visit Cuba, has given fresh evidence of Communist designs on Latin America.

In Cuba, he said, the Communist bloc contemplates "full, though somewhat veiled," support of the Fidel Castro regime—possibly hoping to provoke a situation in which the United States could be accused of military or economic intervention.

The U.S. government, he added, hopes "the Cuban people with their tradition of freedom, eventually will come to insist on a change of course for their government in order to obtain the democracy and freedom they always have sought."

One of the main drives of the Soviet Union, Allen commented, has been against the development of U.S. bases. It may now be, he said, that Kremlin leaders have

## Senate Dems Set Sights on Health Bill

WASHINGTON (AP)—Senate Democrats today prepared for a big push in the closing days of Congress to try to write a medical care program for the aged into the Social Security system.

Several Senate sources said the votes were available, though perhaps by a narrow margin, to put this type of a provision into the Social Security bill which passed the House 380-23 Thursday.

Two Democratic presidential aspirants, Sens. John F. Kennedy of Massachusetts and Stuart Symington of Missouri, have said they strongly favor adding medical care benefits for retired persons to the Social Security system.

Another, Majority Leader Lyndon B. Johnson of Texas has indicated he favors this approach.

The Eisenhower administration sharply opposes such a plan, favoring instead a program of federal-state grants to finance major medical benefits for needy older persons.

A limited medical care program is contained in the House bill. Under it, each state would be authorized to set up a new category under its public assistance program of old persons unable to pay heavy medical bills.

The federal government would contribute an estimated 195 million dollars a year and the states 147 million to pay medical benefits for these persons.

An estimated one and a half million persons would be covered, with perhaps half a million getting payments in any one year.

decided "two can play at this game and they can start operating in our backyard."

After three decades of close observation, Allen said, "the Communists now believe Latin America is ripe for picking."

## Death Trial Verdict Brings Fuss in Court

CLEVELAND (AP)—It took five officers to subdue Edward Robinson after he was sentenced to life imprisonment Thursday.

The 23-year-old Negro, convicted of first-degree murder for killing his boss, the operator of a poultry store, heard Common Pleas Judge Charles W. White say, "I sentence you to the Ohio Penitentiary for the rest of your natural life."

Then Robinson's wife, Rose, screamed from the back of the courtroom, and Robinson, apparently trying to reach her, attempted to bolt from sheriff's deputies.

The court stenographer's table was kicked over as deputies grappled with him, pinned him finally to the floor and handcuffed him.

Robinson worked for Alex and Leo Jacobs at the Jacobs Poultry Store. Testifying during the trial, he said on Jan. 13 he had asked Alex, 55, for an advance of \$1.50 on his \$55 weekly salary to get something to eat.

Robinson told the panel of three judges Jacobs refused the request and spit in his face. Five minutes later, he said, he bludgeoned Alex Jacobs to death with a crowbar. Then he took \$600 from the dead man and left.

Robinson and his attorneys told the court he had been subjected previously to oral abuse and slurs on his race.

## Toothless Cabbie Gums 7 Chickens

PENSACOLA, Fla. (AP)—A toothless cab driver downed seven fried chickens in one of those "all you can eat" deals at a Pensacola drugstore.

Jim Ferguson wandered into the store Thursday, spotted an "all the chicken you can eat for 99 cents" sign and told the fountain manager to "start frying and don't stop."

Major Jimmerson scoffed. "If you eat five chickens it won't cost you a cent," he said. Two hours later seven chickens had been eaten.

"I haven't got a tooth in my head," Ferguson said. "It's kind of hard to get the meat off the bones."

## Junketeering Costs Limited to \$25 a Day

WASHINGTON (AP)—House members have been ordered to limit their government-paid living expenses to \$25 a day while on congressional trips.

The new ceiling adopted Thursday by the House Administration Committee will become effective July 1.

Employees of the executive branch are limited to \$12 per diem allowance while on government trips. The committee said Thursday that any members who plan to ask more than the \$12 a day for expenses such as hotel rooms, meals, laundry and tips must get approval from their committee chairmen in advance.

## Americans Hold Vast Interests In Cuban Area

HAVANA (AP)—Fidel Castro has threatened to confiscate all U.S. business interests in Cuba if the United States cuts the quota of Cuban sugar on which it pays the island nation a bonus of 150 million dollars a year.

The Cuban Prime Minister termed a proposal before Congress to give the U.S. President standby authority to cut the quota "economic aggression" and a "knife thrust in the chest." His 100-minute speech Thursday night was broadcast over a nationwide radio hookup.

"We will not remain impassive," he said. "We will know how to meet economic aggression."

Speaking of the huge U.S. business interests in Cuba, Castro said: "In the same manner that they are there now, it may be in the future that they are not there."

American investments in Cuba before Castro came to power totaled about a billion dollars, but the revolutionary regime has taken over about a third of this, chiefly sugar and cattle lands. Properties still in American hands include the 300-million-dollar Cuban Electric Co., the 115-million-dollar Cuban Telephone Co., banks, sugar mills, mines, oil refineries and various commercial enterprises.

Most businesses still in American hands have been curtailed by Castro's regime. American imports of half a billion dollars a year have been cut in half. The electric company's rates have been cut a third.

The government has refused to release more than 50 million dollars in foreign exchange to pay U.S. and British oil companies for Venezuelan oil they imported, refined and sold to the Cubans.

Cuban "interventors" have been put in other American businesses with authority to overrule the American managers at any time. Americans, particularly those working for sugar or cattle companies, have been arrested arbitrarily and harassed repeatedly. The U.S. is still buying about 3 1/2 million tons of sugar a year from Cuba, more than half the Cuban crop, and is paying a premium of about 2 cents above the world market price. Much of the rest of the Cuban crop is sold at a world price of about 3 cents a pound, or a cent less than the cost of production.

## RC Swimming Programs Start Monday

The Pickaway County Chapter of the American Red Cross Water Safety program starts at 9 a. m. Monday in the Circleville Municipal Swimming under the direction of Misses Florene and Joanna Goldschmidt.

Intermediate classes start at 9 a. m. and last until 10:30 a. m. Beginner classes start at 10:30 a. m. and run until noon daily. Adults lessons will be conducted from 9:45 until 10:45 a. m. daily.

Classes will be conducted in two week periods. The first classes will run until July 8.

Evening adult classes will start July 11, in the Ashville pool. They will be held on Mondays, Tuesdays and Thursdays.

ADULTS desiring to enter the swimmer course are to report at the same times as the children from August 9 through the 19.

The Goldschmidt twins, 901 N. Atwater Ave., Wednesday returned from 10 busy days at Camp Limberlost, LaGrange, Ind. The period was a training course for directors of Red Cross swimming programs.

The girls said they had learned many things that will be helpful in providing a worthwhile water safety program for the people of the county.

They stated that officials there hope to be able to standardize Red Cross swimming courses throughout the United States. In order to do this, standard skill requirements for each course have been raised.

Due to this movement, the girls said there will be a lower percentage of students passing this summer's courses.

The main purpose of the beginner and intermediate courses is survival, on or about water. The purpose of swimmers' courses is the perfection of strokes and skills.

## Central Ohio Areas Shaken By High Wind, Heavy Rain

By THE ASSOCIATED PRESS

An early-morning wind and rain storm swept over central Ohio Friday morning, striking a heavy blow at Johnstown northwest of Newark near the Delaware County line, and causing damage in other areas as well.

The storm in Johnstown was at first described as a tornado, but weather officials have not confirmed this. The high winds damaged several houses, uprooted trees and downed power lines, blocking highways.

Sheriff's department emergency units sent to the scene because falling trees had knocked out communications lines reported one small boy was injured, apparently not seriously. He was not identified.

Deputies said at least four houses were heavily damaged, at least one a total loss. A barn also was destroyed and several autos flattened when trees fell on them.

The storm struck about 6:30 a. m. in Dayton, an estimated \$25,000 damage was caused the Ketotter Roller Rink. The high wind blew in the south wall of the structure and blew out the north wall officials reported. No one was in the building at the time.

In Columbus, the wind toppled some trees on North High Street and knocked down a trolley line. Weather Bureau officials said the wind was clocked officially at Port Columbus at 36 m.p.h. but that

there were gusts of wind from 40 to 45 m.p.h. for a time.

The Chicago Weather Bureau blamed a cold front for the siege of unusual weather that hit central sections Wednesday and Thursday. The front extended from the Great Lakes into northwest Texas.

It produced: A tornado in Illinois that caused some damage to farm buildings, utility lines; killed seven persons, six of them in Kentucky; rains of 6 inches in southern Indiana; more than 5 inches in Kentucky; flash floods that forced many persons from their homes; flooded rivers; ruined crops; disrupted public services.

Warm air from the Pacific moved into the northwestern states early today, raising nighttime temperatures up 15 degrees over the previous night's readings in Montana.

At the same time, cool air moving southward from the Plains States dropped temperatures 10 to 15 degrees from the previous night.

## Church of God Features Film

"Holland Wonder," third in a  
series of documentary films by  
the T. L. Osborn Evangelistic As-  
sociation, will be shown at 7:30  
p. m. Wednesday, at the Circle-  
ville Church of God, one mile West  
on Route 22.

This feature length, sound, color  
production presents the charming  
Netherlands in a beautiful travel-  
ogue, visiting a number of the  
famous cities of that land. In and  
near the capital city of Amster-  
dam, the camera captures a  
flourishing cheese market and dig-  
nified 500 year old churches ad-  
jacent to 20th century architecture.  
In Marken, the city surrounded by  
the sea, men can be seen in tradi-  
tional black Dutch pantaloons and  
wooden shoes. The women also  
wear a distinctive and colorful  
ancestral dress. In The Hague the  
camera records medieval pomp  
and pagentry as Queen Juliana, in  
her golden carriage and with her  
royal court, visits the opening of  
Parliament.

Shown also is the T. L. Osborn  
evangelistic campaign which  
drew crowds of over 100,000 per-  
sons daily. An unprecedented event  
in orthodox, sedate Holland, these  
meetings created a spiritual hun-  
ger which rapidly spread to every  
part of that ancient land. Evangel-  
ist Osborn has conducted similar  
mass crusades in 35 countries  
across the world.

"Holland Wonder" will be pre-  
sented by a co-operating evangelist  
with the Osborn organization. The  
public is invited and there is no  
admission charge.

## What makes Henry wear such a happy look?

The happy reason is Dean & Barry house paint with  
Poly-Lin — the new super-processed linseed oil that makes  
your home look like a million.

You'll be happy with the smoother, glossier, solidly cov-  
ered look Dean & Barry house paint with Poly-Lin gives  
when new. And you'll find that this new Poly-Lin paint  
looks better years later... in whiter white, or colors that  
stay fade-free bright.

You'll be happy to find that Dean & Barry house paint  
with Poly-Lin sells for less than most advertised brands. And  
you save, too, because only 5 economical gallons per coat  
does the average 6-room home. See us today. Or ask your  
painter-decorator to use the paint that's made with Poly-Lin.  
He will know what you mean. Happy news travels fast.

## Complete Polio Victory Eyed

A group of specialists in viruses, meeting in Washington, reported there is a possibility that poliomyelitis can be eradicated as a human disease. It was the Second International Conference on Live Polio Vaccines.

Although the conference did not give a blanket endorsement to live vaccine, it did point out that first findings showed it had advantages not shared by the killed vaccine.

The report said that killed - virus polio vaccine, being used in the U. S., can do little to eliminate the casual virus from the gastrointestinal tract of man.

An eradication program, outlined by the conference, would require mass vaccination of millions of people around the world. Oral vaccine is considered

about the only practical kind for such a program.

"This concept of complete eradication of poliomyelitis is indeed bold," the conference found, "and it would be well to prepare for disappointments and the unexpected."

The findings of the specialists will be reviewed by a committee of experts from seven nations.

## Government Gobbles Dollars

One of the main urgencies in some political circles is that, our society having reached a level of private wealth never before seen on earth, more of that wealth must be captured for government distribution.

Now comes Sen. Joseph Clark of Pennsylvania to express a fear that there is an "anti-government fixation" rising in America which will lead to a new anarchy. He says people are swinging against more government and bigger tax bills at a time when government intervention is needed as never before to develop resources and improve human welfare.

Economists of the First National City Bank took a look and concluded that the trend is toward assumption of more responsibilities by the federal government instead of the reverse.

"If the federal government is indeed impoverished," the bank's economic writers argue, "the cause must be profligacy of expenditure rather than stinginess of the citizen. The amazing thing is how so much money can be disposed of so fast."

But the spenders will continue to eye the income of the people hungrily if they see any possibility of getting more of it.

## Four Words Worth \$25,000

By HAL BOYLE

NEW YORK (AP)—Jerry Lewis says he once paid \$25,000 for four words—and they were a bargain.

"It was after I had a heart attack. I went to the best doctors I could find," he said.

"I asked them how I could prevent another attack. They told me the main thing to avoid—constant, continuous, unremitting pressure."

"Those four words cost me \$25,000, but they were worth it."

"I learned a lesson. The secret of living longer is to avoid aggravation."

It is a question, however, how well the wire-nerved young comic has learned his lesson. He has an insatiable curiosity about life—he even watched the births of three of his five sons—and is driven by an almost ungovernable energy.

The ordinary man works 50 weeks a year. Jerry now puts in the equivalent of 81 weeks a year and shows no signs of slowing down.

If anything he has stepped up

the pace. In his latest film, he not only acts as star, he also wrote, directed and produced it.

Lewis believes he has a record which no other present day star can match. All his pictures—25—have more than paid their way at the box office. None has gone into red ink.

That is one reason he has decided he will direct, produce—and at least help write—many of his future pictures.

"I decided I might as well have some of that money myself," he says.

He also feels his films will improve if he has more authority over their content and production.

"When you do so many jobs on a picture, it sometimes means a 21-hour day, but it's a wonderful thing for you—physically, mentally and spiritually," he said.

"What's the advantage? Well, look at it this way: You're not as careful with your cigarette ashes in another guy's office as you are in your own home. Nobody will work quite as hard for

you as you will for yourself.

"Sure I'll make mistakes. It's the guy who does nothing who makes no mistakes. But he achieves nothing."

"I'm one of the rebels of Hollywood. I think if our industry had more really dedicated people, our record would be better."

"The only way you can create something that is good is to keep working at it. Only the psychos blame somebody else."

Jerry says he put \$1,750,000 of his own money into current film which is partly based on his own youthful experiences in the Catskill Mountain borscht belt.

His madcap brand of humor sometimes falls on TV and film critics, but Lewis explains his enduring success.

"I owe it to the little people—the kids. They aren't fickle, as grownups are," he said.

"They are loyal to you as long as they know you are still one of them. And I am. I do all the zany, nutty things they'd like to do in their fantasies."

## Law Doesn't Stop Spies

Soviet agents take the law in their own hands whenever they so desire. It is probable that all agents do that. For instance, Israeli agents kidnapped Adolf Eichmann from the Argentine. The puzzling Czajka case also is in point.

On the evening of Nov. 29, 1959 Washington's Metropolitan Police Department was informed by Polish Embassy and State Department officials that it had been reported by the Czajka family that sometime during the day while he was out with his two children, his wife was brutally attacked by three men who had forced their way into the Czajka apartment in an announced quest for photographs and documents.

Zofia Czajka, the assaulted woman, is the wife of Antoni Czajka, Second Secretary of the Polish Embassy in Washington. The police were unable to question Mrs. Czajka immediately because of her hysterical condition and the interference of the Polish Embassy officials who insisted on their right of extraterritoriality.

Because of diplomatic interference, the police were forced to wait 19 days before being permitted by the Polish Embassy to interview Mrs. Czajka although she was fully capable of answering questions.

The interview on December 18, 1959, lasted only one hour as Mrs. Czajka became upset when questioned on crucial points. The interview and subsequent police investigation revealed several factors which remain unexplained.

Mrs. Czajka stated she first became aware of the presence of the intruders when she was shaken awake by one of them. Yet the apartment door was always kept heavily locked and there was no evidence of forced entry. Police concluded that entry had been achieved by invitation or by a duplicate key. Yet even three weeks after the incident, no request had been made to change

the door lock, indicating a lack of fear, that a duplicate key was available.

The assumption must be that Mrs. Czajka knew who her intruder was, but no one can understand why the police were called in at all.

Police were required to wait several days before being permitted to process the apartment for fingerprints, and then only fingerprints of the Czajka family were located. This, despite the fact that one of the three alleged intruders was unengaged, as proven by a minute description of a ring he wore.

It also seemed odd to police that Mrs. Czajka was able to give a detailed description of only one man and had the vaguest recollection of the remaining two. Mrs. Czajka recalled to police how she was able to prevent the three men from taking one article that had located by wrestling it from their grasp.

It is not understandable how Mrs. Czajka was in the semi-conscious condition which her husband described. The assumption regarding this is that the whole matter was of some political or espionage significance, particularly as much attention was paid to it in Poland.

There the Ministry of Foreign Affairs treated it as an assault on a Polish woman in Washington, but it did not say why it was done.

Such puzzling cases often lead to the conclusion that some inner situation is involved, the intruders often looking for documents because they suspect a double-cross, double espionage, or counter-espionage. Sometimes, particularly in the case of a woman, an attack is made on a blabber-mouth to frighten her. Of course, not only women are blabber-mouths or are indiscreet. Sometimes, men do very foolish things.

For instance, there is the case of a United States citizen on official business in an Iron Curtain country who was compromised by a combination of Communist-provided maid service and an infra-red camera which takes pictures in the dark. When Communist officials attempted to blackmail him into espionage, he refused to cooperate and told his superiors what had happened. It was necessary to transfer him to another post.

The infra-red camera is used constantly in this work. It takes pictures in the dark without exposing itself. It can be hidden and worked from another room. It is used particularly to get the goods on a man who engages in any form of sex relations and who then can be freely blackmailed either by

making his indecencies known to his family or to his government. Often frightened men become spies.

## Integration Set In Virginia Stores

ARLINGTON, Va. (AP)—More than 45 lunch counters in northern Virginia drug, variety and department stores soon will be opened to Negroes.

Two drug chains, Peoples Drug Stores and Drug Fair, and two major department stores, S. Kanne Sons Co. and Lansburgh's, disclosed Wednesday night they intend to start serving Negro patrons in Alexandria, Falls Church, and in Arlington and Fairfax counties.

The Hecht Co., a department store, and F. W. Woolworth and G. C. Murphy are reported to be preparing to start the same general policy. One Woolworth store in Arlington opened its lunch counter to Negroes Wednesday.

'HORRIBLE EXAMPLES'—Senator Paul Douglas (D), Illinois, displays some "horrible examples" in Washington of what he terms "appalling waste" in the purchasing of military supplies. For example, he says, the Navy paid \$21.10 for lamp sockets (Item 3) similar to those retail stores sell to the public for 25 cents. Senator Douglas says the Defense department is wasting between \$2 and \$3 billion a year.

## Letters To The Editor

EDITOR'S NOTE: The Herald welcomes expressions of opinions from its readers on subjects of general interest through letters to the editor.

We insist that all letters must be signed with the name and address of the writer. However, the name will not be used in publication of the letter if the writer requests. A pen

name or initials will be substituted. We will not use anonymous letters. We believe that a letter to the editor column can serve as a public forum. The editor reserves the right to shorten over-long letters and to reject letters which contain personal attacks on individuals. The column will not be open to religious controversy of any kind.

Dear Editor:

"I read a very interesting letter in the June 13th issue of the Herald. It was written by a man, I believe his name was Huber, who seemed very disgruntled about the auto salvage yard that is opening on U. S. 23 at the old applehouse."

"It's nice to know that there are people who are interested in the appearance of the town or city in which they live. But there are a few things that Mr. Huber probably doesn't know."

"Perhaps he does not know that a certain booze peddler in Circleville was trying mighty hard to secure the applehouse, namely for the purpose of opening an elaborate booze drive (excuse me, night club)."

"If this had come to pass, I wonder if it would have caused any great concern on Mr. Huber's part. They can start a joint, just about on every corner and nobody seems to mind, but just let a man have a respectable business and start to expand a little and somebody is sure to get a chronic belly ache."

"Mr. Huber said he couldn't understand why a beautiful town like Williamsport would allow that awful junk yard with its borders. He probably doesn't know that when that terrible place was started it was outside town. But the town seemed so happy about the whole thing, that they just moved the city limits a little farther east, so the yard would be in town."

"Personally I think it is much better to have a place that some people consider to be an eye sore than to have a place that makes

some eyes. However the case may be, you just can't stop progress."

Yours very truly,

Sandy Lemaster

## How Future Business Looks

## Little Pinches on Purse To Continue for a While

Editor's Note—Will the cost of living level off or inch higher? In this, the last in a series on the economic outlook, Sam Dawson, AP business news analyst, discusses the supply and demand prospects for goods, and consumer plans for spending, saving—and going further into debt.

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The crance of your pocketbook escaping from deep gouges from rising prices seems good for a while—but little pinches will continue.

And most Americans will spend as much of their incomes as ever and borrow when they haven't the cash. The two things that might change this attitude aren't sighted—a drop in confidence, or the start of a real recession.

The consumer changes his spending habits from time to time, however. And business keeps an eye on his state of mind.

Right now he gives every sign of feeling pretty sure of himself. He has plenty of choice in what to buy, expects goods to be plentiful and therefore easily obtainable at competitive prices, and thinks his own future income looks safe enough to let him take on installment debt when he really wants something. He also notes that increasing foreign competition weakens some domestic prices.

The over-all cost of living has been creeping higher and is now at a peak. But because some prices drop as others rise, and because there's been no big upward rush of late as in some previous postwar years, the public seems confident of fairly stable prices. So do the experts in and out of government.

Helping in maintaining the high spending rate, and thus in bolstering high prices, has been the rise of total personal income to a peak. It is now around 400 billion dollars a year, but the rate of increase has been slowing. It will gather speed again only if the fall comes forth with the general improvement in business activity counted on by the optimists.

The total of consumer debt has been rising, too.

Installment credit alone is now at a record 40 1/2 billion dollars. Home mortgage debt totals also have risen, although the number of new homes started this year is notably behind those started in the first half of last year.

Some look for more home buying this fall. They count on a greater supply of mortgage funds to tap, on a nudge from govern-

ment relaxing of credit rules somewhat, and on growing consumer confidence.

Interest rates still stay high, however, and so do building costs.

But the consumer has fooled business at times. Along with fitful spurts of price resistance, he sometimes revolts against the prized products of industry and demands others.

Examples are the compact cars that consumers conjured up by buying small foreign cars in increasing volume, and the trend to casual clothes that has pained many makers of dressier togs.

And the consumer, in turn, could be fooled in his present belief that price stability is a good bet.

True, most goods will be in ample supply the rest of this year, and most industries will have surplus capacity with which to make more if the demand rises.

But there are some built-in costs, such as still rising labor scales, higher taxes, and transportation and distribution charges. These put a floor under many prices. In a revised boom the floor could run into an elevator.

SOMEONE HIT BACK—Japanese Socialist leader Jotaro Kawakami, 61, former secretary general of the party and a member of the Diet, is given first aid in Tokyo after being stabbed. The stabber was Seizaburo Toma, 20-year-old rightist youth embittered by the "shame" of cancellation of President Eisenhower's visit. Toma attacked Kawakami at rear of the Diet building during a boisterous demonstration by some 35,000 leftists. (Radiophoto)

away with a community center for plays, mass meetings and outside as well as school affairs.

The gymnasium would be dropped, but this would hurt the support of the athletic interests in the district, which are many. This idea met with unanimous disapproval since all three high schools have immense interest and pride in their athletic achievements.

They discussed reducing the size of the cafeteria. But school officials said this would force the school to have three lunch periods which would hamper the educational program.

Martin said the present proposed is planned for efficient and inexpensive administration as well as easy maintenance. He said a community should be proud of its schools.

The architect also said that once an adequate high school with proper facilities is erected, new housing developments and industry may move in to increase the tax duplicate.

He emphasized that the proposed high school has been planned with future expansion in mind. He said that the permanent facilities, such as the gymnasium, auditorium and lunch rooms are large enough to handle future growth.

MARTIN stated that the district probably should increase the price of the bond issue 5 per cent to accommodate the increase in prices.

One proposal put forward by those present was to cut off Scioto and Walnut Twp. and construct a high school for those areas which approved the last bond issue.

One said, "Let's join Hamilton Twp." But he was quieted when another in attendance read off Hamilton's tax rate.

The general feeling was that more education of those areas against the bond issue should be done. They believed several areas were mis-informed on the facts.

Much concern was registered over the attitude of Walnut Twp. and felt no amount of education will change Walnut's anti-consolidation feeling.

One resident said that the young people of the territory are willing to "let bygones be bygones" but it is the older, heavier taxpaying group that is opposing any consolidation among the four townships.

As the meeting ended at 1:30 p. m. that night, one person summed up the problem, stating, "Nothing will ever be accomplished here until people realize that consolidation is here to stay. As long as we resist improvement for the entire district, our children are losing a good education because of their parents' spite."

## Ike Gives His View

# Next President Destined to Travel

HONOLULU (AP) — President Eisenhower believes his successor in the White House will find summit diplomacy and good will travels inevitable despite the hazards.

Eisenhower's views were reported today as the President went golfing for the fourth time in four days, relaxing from the rigors of his controversial Far Eastern trip.

He teed off in the bright Hawaiian sunshine on a closely-guarded course, nestled on the edge of the Pacific, on the other side of the mountain from famed Waikiki Beach.

Eisenhower shunned all outside appointments while resting. In the afternoon, he arranged to work a bit more on the report he has promised the nation of his flying visits to Korea, Formosa, the Philippines and Okinawa.

This major television-radio speech will bear down heavily on the successes Eisenhower believes he achieved in his widely-acclaimed stopovers in these four areas.

But he also will deal at some length with the now much-publicized blowup of his planned stopover in Tokyo in the face of leftist riots.

Eisenhower has scheduled his speech for some time next week after he flies back to the White House this weekend.

In Eisenhower's view, the gain registered in the capitals he was able to visit came because presidential tours provide an unequalled opportunity to demonstrate dramatically U. S. interest in individual countries.

The next president, Democrat or Republican, may have to set off on such travels just as much as he has despite the pitfalls, he believes.

### Fireworks Bootlegging Not Reported to State

COLUMBUS, Ohio (AP)—No reports of fireworks bootlegging, prior to the July 4 holiday, have been received by the Department of Industrial Relations. Margaret A. Mahoney, director of the department, said local authorities are handling whatever problems arise very well.

One important reason dictating this, Eisenhower feels, is that they undoubtedly will be necessary to offset the personal appearance tours of the Soviet Union's fast-moving Nikita Khrushchev who shows no signs of slowing down his travels.

It is also because Khrushchev and his apparent determination to negotiate personally at the top that Eisenhower refused to believe that summit conferences are dead.

He is known to share Secretary of State Christian A. Herter's view that more emphasis should be placed on trying to settle tangled international problems via diplomatic channels, especially in view of the Paris summit collapse.

But if Khrushchev stalls low-level discussions because he insists on a top-level meeting, Eisenhower believes the next president will find it almost impossible to hold out against it.

World public opinion, skillfully exploited by the Soviets, would inevitably drive Western leaders toward a summit date with Khrushchev, in his view.

Officially, Eisenhower has refused to rule out prospects of another flying trip abroad during the remaining six months he has left in office.

The odds against it appear very long.

## One-in-Million Chance Brings Man Freedom

LOS ANGELES (AP)—Perhaps a one in a million chance caused Douglas Beane's bullet that killed a gopher to ricochet on and kill a little neighbor girl, too.

The victim's mother who caused dismissal of a manslaughter charge against him is "probably one person in a million," says Beane.

"I don't know how I'd feel in such a situation," the 25-year-old

auto repair shop owner told a reporter Wednesday. "I have children. Only a person who believes wholeheartedly in God would have an attitude like her's."

Beane fired a 30-caliber carbine at a gopher that popped its head out of a hole in his back yard in suburban Lynwood last Feb. 25. The gopher died.

The bullet zinged on, through a rusty, corrugated tin fence and

through the tarpapered, 3-16-inch plywood wall of a house at the rear.

It struck 4-year-old Donna Sord in the back as she watched television at the neighbor's house while her mother was at work. Several weeks later, after an operation and sufficient apparent recovery, she could play with Beane's two young sons. Then she died.

## Dear Abby...

By Abigail VanBuren

### How Selfish Can You Get?

DEAR ABBY: Please print your opinion of parents who come to visit their married children without an invitation and whenever they feel like it.

The only advance notice we ever get is, "We are dying to see the grandchildren."

My husband and I have been annoyed by these spur-of-the-moment visits from his parents and mine. No sooner does one set leave when the other set shows up. Don't you think parents should realize that if they were wanted they would be invited? Just because our children happen to be their grandchildren seems to be a pretty poor excuse for barging in.

IMPOSED UPON  
DEAR IMPOSED UPON: Do YOU need an invitation to visit your parents' home? I doubt it. Most parents make it plain that their home is their children's home. And many parents have kept their large homes in spite of the added work and expense so their children and grandchildren may visit them. Your parents probably feel welcome because they don't suspect you are as small and selfish as you really are. You two make a serpent's tooth look dull!

DEAR ABBY: There is a young woman who drives by our house every morning about 8:05 in a blue and white Chevy. My husband feels that it's his duty to smile and wave at her. He doesn't know her from a load of hay. I say he can look the other way. He says it will hurt her feelings.

I am getting upset over this routine. Am I wrong to object or not? Please put your answer in the paper, Abby. I want my old goat to see it.

UPSET  
DEAR UPSET: If he doesn't know her from a "load of hay", maybe he is just feeling his oats. Next time, stand right beside your husband, embrace him affectionately and smile and wave to the friendly stranger. I'll bet she either changes her route or her routine.

DEAR ABBY: I am a boy of 12 and I am having trouble with my brother, who is 10. He wore my Boy Scout uniform and took my bugle outside and blew it all day.

When I caught him I gave him a little tap on the head. He was standing on the porch by the mailbox and his head accidentally hit the mailbox and a little tiny cut was made and maybe two drops of blood came out. He ran in the house screaming and my mother went into hysterics.

I am now being punished by having to stay in the house all day Saturday and Sunday. My brother didn't get punished at all for wearing my uniform and blowing my bugle. Do you think this was fair?

PUNISHED  
DEAR PUNISHED: Your brother had punishment coming, too. But your mother probably felt that matter was taken care of

## Past Chief Club Holds Meeting

Past Chief Club of Majors Temple met at 8 p. m. Wednesday in the home of Nellie Bolender, 228 E. Mound St.

The president opened the meeting with a reading "Renew Yourself With the 23rd Psalm".

A discussion was held on ways of entertaining the club and getting new members.

The members are asked to bring old sheets, blankets and pillow cases in order to send them to Springfield K of P Home.

The club decided to recess through the months of July and August. Miss Bolender served a lunch to 11 members present.

The next meeting will be in September in the home of Mrs. Francis Evans, E. Main St.

## GE Over Ashville; Kiwanis Is Victor

General Electric last night maintained its first place margin with a 6-3 victory over Ashville and Kiwanis kept within striking distance as it blasted newcomer, Derby, 13-2, in Babe Ruth play.

GE's David Bass and Kiwanis' Gerald Dade, the winning pitchers, both tossed three hitters against their foreign opponents. In going six innings, Bass walked seven and fanned nine.

Freddie Moore finished up for GE, walking one and whiffing three. Ashville's Sheldon Roof took the loss, striking out four and walking eight.

The Electricians got off to an early 3-0 lead behind three hits, a sacrifice fly and a walk. The potent blow of the stanza was Bobby Purcell's double, which drove in Johnny Good and Robert Good.

GE CAME back with two in the fourth when John Good singled and stole second. Purcell walked. Good scored on Moore's single and Purcell plated a run on Mickey Tomlinson's infield out.

Ashville narrowed the score in the sixth with three runs. Two walks to Sonny Reed and Reese preceded Sheldon Roof's single to knock in one run. Miller walked and Robert Kuhlwein singled to drive in Reese and Roof.

Moore relieved Bass when he walked Willie. Alert play by catcher, Bob Good, caught Miller off third and Moore downed Cummins with a strike out to end the threat.

GE tallied an unneeded run in the sixth on two singles by Jim Wood and Granville Jones and two walks. GE committed the only error of the well-played contest.

Kiwanis greeted Derby, playing its first game in the Babe Ruth League, with an unpleasant 12-hit attack and Gerald Dade was stingy with hits.

The local youths tallied seven times in the first inning on the Derby Twp. High School diamond, more than enough for victory. Dade spun six innings, fanning 11 and walking nine.

Wendell Lovett cleaned up, striking out the side and walking two. Guthrie was the loser. He went the distance, whiffing seven and issuing two free passes.

Kiwanis shot into the lead, sending 12 men to the plate in the initial stanza. Howard Dade and Jack Cook reached base via singles. Lovett made first on an error and was followed by Gerald Dade's single, which drove in brother, Howard, and Cook. Mike Spangler and David Green took to the baselines on errors.

Lovett and G. Dade tallied behind Ronnie Ash's two-bagger. H. Dade batted for the second time in the inning, reaching first on an error. Cook singled for the second straight time to send in two runs.

Spangler's single and two errors accounted for two runs in the second. An error and Junior Tootle's single plated a run in the third. Singles by Green and Ash, plus some fine base running tallied a marker in the fourth.

Kiwanis scored its final two runs in the fifth on three straight hits. Lovett singled and scored behind G. Dade's double. He tallied when Tootle poked a single.

Derby tallied in the first on a walk to Caudill and a single by Conley. Its other run came in the

fourth when Jeff Tracy singled home Larry Vance, who had walked.

ERRORS were costly to Derby as it committed eight to Kiwanis' two. Kiwanis now is 4-2 on the way to hold a second place tie with Du Pont. Derby stands 0-6 on the season.

Next Babe Ruth contests are Monday. At 5:15 p. m. General Electric meets Derby on the Derby Twp. ball diamond. Chamber of Commerce (3-3) faces Kiwanis at 7:30 p. m. on the softball diamond.

### Player, Locke Set Golf Pace

PORTSMOUTH, Ireland (AP) — Gary Player and Bobby Locke, South African leaders in the Canada Cup golf championship, went into the second round today relying on stout hearts to see them through.

They admitted their bodies were not quite with them as they teed off with a three-stroke advantage over the second place United States team of Arnold Palmer and Sam Snead.

Player, 25-year-old breaker of Portsmouth Links record Thursday, was under the care of a doctor. He's suffering from a bad attack of asthma that left tears in his eyes, made it difficult to breathe and plagued him with aching muscles.

## Circleville Oil, Rotary Win LL Games

Rotary won its first game of the season last night, stopping Ward's Market, 15-11, and Circleville Oil went into undisputed second place with a 9-4 victory over Third National Bank in Little League minors' action.

The never-say-die Rotarians, used as a "place mat" for the first five contests they played, exploded for 12 hits and 15 runs last night to upset heavily favored Ward's.

Donald Hoffman gained credit for the win as Ward's Tootle, winner of four straight, absorbed his first loss. Hoffman went five innings, allowing four runs, six hits, one walk and struck out two.

Tom Hoffman hurled 2.3 of an inning, allowing seven runs, five hits and two walks. Steve McGinnis tossed the other 1.3 inning, giving up two hits.

TOOTLE went three innings, giving up 12 runs, 12 hits, four walks and striking out three.

Rotary's hits were all singles while Jerry Jenkins had a double for Ward's along with Millard Good's two doubles and Tootle's triple. Ward committed seven errors to the Rotarians' five.

The Rotarians tallied four runs in each of the first three innings to lead, 12-4. They added three in the fifth and then halted a Ward's seven-run rally in the sixth on a double play.

By virtue of Ward's loss, Circleville Oil is all alone in the second place as Dale Byrd tossed a neat two-hitter at Third National.

He aided his own cause with a double along with Branson Hawkes.

Byrd walked six and fanned nine in going the distance. Mark Lindsey was the loser, walking three and whiffing two. Third National committed four errors to the Oil's one.

Circleville Oil runners stole 15 bases and the Bankers snared eight. Mark Lindsey had a double for Third National.

ACTION TODAY at 5:15 p. m. pits minor league leader, Jaycees (5-0), against Lincoln Plastic (3-2) on the Southend Playground; Savings Bank (3-2) meets Blue Ribbon Dairy (1-4) on the LL diamond.

Ralston Purina (2-3) battles The Herald (0-5) on the softball diamond. The Elks (4-1) meet Coca Cola (4-1) at 7:30 p. m. on the soft ball diamond to decide first place in the majors. There are no games tomorrow.

## Columbus Tops Toronto, 9-2

By THE ASSOCIATED PRESS

Richmond's suddenly hot Vees get the acid test this weekend they begin a four-game series tonight against the front-running Toronto Maple Leafs.

Toronto leads the International League by five games over Buffalo and eight over the third-place Vees.

Thursday night, the Virginians made it seven victories in a row with a 5-2 decision over last-place Montreal for a sweep of the three-game series. Toronto stumbled before the Columbus Jets 9-2 while Havana won over Buffalo 6-3. Rochester defeated Miami 6-2 in 14 innings.

Two-run homers by Ken Hunt and Jim Pisoni powered the Vees' triumph.

Third baseman Dick Gray led a 13-hit Columbus attack against loser Rip Coleman (1-2) and two relievers with a double and a three-run homer for four RBI.

Judy A Key (W. Henman), Ruben Raider (D. Gephart), Ava Song (E. Boyer), Eola (B. Amos Jr.), Jimmy Hall (W. Smith), Queen's Jewel (G. Green), Carol Avas (G. Lehman), Luvane (T. Taylor), AE Little Dick Spencer (C. Evers Jr.).

This is the ninth season for Warren C. Giles as president of the National League. He formerly was president of the Cincinnati Reds.

Unbeaten Jim Coates, a right-hander, who has won eight games, will be the Yankees' starter tonight. Jim Perry (7-3) will open for the Indians.

Coates will be facing Cleveland for the first time this season. He compiled a 6-1 record last season as a rookie, losing only to the Indians. Perry has made one start against the Yankees this year, but was not the pitcher of record.

Thursday's victory pushed the Indians within two games of the Yanks, whose winning streak was snapped at six games as they lost to Detroit.

The Yankees have won 13 of their last 15 games and 9 of 11 on this eastern tour. The Indians must win all four games of the series to overtake them.

Manager Joe Gordon will send Dick Stigman, rookie southpaw, against Whitey Ford Saturday afternoon and Ted Bowfield and Gary Bell against Ralph Terry and either Art Ditmar or Duke Maas in a doubleheader Sunday.

"This'll be the biggest series of the season for us," Gordon said Thursday. "It's too early to win or lose the pennant, but it'll be a big one."

A wild throw by right fielder Bob Allison gave the Indians an unearned run that beat the Senators Thursday. Perry was on first base as a pinch runner with two out in the eighth inning when John Temple hit a single to right. Allison threw wild to third base and Perry scored the tie-breaking run.

## Nicklaus Is Defeated In NCAA Golf Test

COLORADO SPRINGS, Colo. (AP) — Defending champion Dick Crawford of Houston played Deane Beman of Maryland today as the NCAA golf championship swung into the 36-hole semi-finals with favored Jack Nicklaus defeated and on the sidelines.

Steve Smith of Stanford, who upset the national amateur titlist from Ohio State 4 and 3 in the third round Thursday, met Gene Hansen of Minnesota, another surprise winner in the other semifinal. The winners play 36 holes Saturday for the championship.

## Tribe Chalks 13 Hits in Nats Game

CLEVELAND (AP)—The Cleveland Indians prepared for the invasion of the New York Yankees by collecting 13 hits Thursday in winning a 7-6 decision over the Washington Senators. The victory gave the Tribe a sweep of its three game series with the Senators.

The Indians tonight open a four-game series with the league-leading Yankees which is expected to attract crowds totaling 120,000.

## Crowd Enjoys Plant Picnic

1,400 DuPonters Eat, Play Games

An estimated crowd of between 1,350 and 1,400 persons attended the DuPont plant picnic held Saturday. A picnic lunch of ham, potato salad, baked beans, chicken salad, rolls, hot dogs, pickles and hot coffee was served from 11:30 a. m. to 1 p. m. Ice cream, soft drinks, popovers and coffee was served during the day.

Starting at 2 p. m. free swimming and skating was available to all those who wanted to participate.

The children received helium-filled balloons and the antics of "Mermie" the clown, portrayed by Murray Miller and Bill Harrington.

The events started at 12:30 p. m. with a "Hidden Treasure" for children under 6. Golf and horseshoe pitching was held from 11 a. m. to 2 p. m. and bingo was played from 2 to 3:30 p. m. with the grand prize going to Verna Reynolds.

Other races and games consisted of 50 and 100-yard dashes, sack races, shoe scramble three-legged races and egg throwing.

**WINNERS** of the various games and races were Beth Dawson, Roy Strawser, Vicki Miller, Skip Hanson, Bette Fraser, Ernie Martin, Bob Fraser, Larry MacFadden, Dick Robbins, Dick Young, John Wilkes, Gene Hanson, Donna Plummer, Grace Fraser, Fiske O'Hara, Bill McKinney, Rudy Chelickowsky, Dick Hanson and Jack Hutchinson.

The group watched a demonstration of radio controlled model airplanes from 2 to 4:30 p. m., constructed and flown by Howard DeLong and Bill Gaul, Chillicothe.

Chairmen and others in charge of the various picnic activities were Bob Valentine, Jim Diltz, Dusty Rhoades, Ross Spalding, Jeanne Kear, John Grincewich, Jack Hutchinson, Gene Walker, Gerry Miller, Ed Whaley, Olin McDaniel, Windy Congrove, Gil Dawson, Dick Robbins, John Wilkes, Gordy Fraser, Al Wyllie, Max Spangler, Kenny Garrison, Howard Snook and Walter Gilmore.

## Rotary Club Hears Talk on Understanding

Charles P. DeNeef, 987 Lynwood Ave., spoke on "Understanding" at the regular noon luncheon meeting of the Circleville Rotary Club yesterday in the Elks Home.

He drew on his experience in chemical matters to find what motivates persons to work together.

DeNeef said: "Men in research have three or all objectives: finding new or improved ways to make existing products better and less costly, finding new products which will contribute to better health and comfort, and finally fundamental research into the laws of nature."

"Research must proceed regardless of the ups or downs of business, Nylon and Neoprene were products of the depression. Du Pont spent around 80 million dollars on research last year and has as many as 1,000 different projects underway at a time."

"Manufacturers must be adaptable to change. Over 50 per cent of the income of Du Pont is from products unknown just 25 years ago and the same proportion is expected in the 1980's. We have a business establishment in this country just as we have on educational or a military establishment — each comprised of units of varying size according to their needs."

"Owners and operators of small businesses do an impressive job and fine ingenuity and ability in facing the problems of the business world."

"In discussing the individual it is interesting to note that understanding is one of the major factors in achieving good relations among people. When we understand why we

## Kingston News Report

By Miss Margaret Thomas  
Phone NI 2-3495

Visitors at the home of Mr. and Mrs. Harry Sims last Wednesday were Mrs. Sims' brother-in-law and sister, Mr. and Mrs. Lee Stepp and her nephew, Proctor Harris, of Portsmouth.

Mrs. Lyman Dresbach Sr., went to Chicago last Wednesday for a week's visit with her son, Chief Melvin Lloyd Dresbach and family. He is stationed at Great Lakes Naval Base.

Mr. and Mrs. Lawrence Betz, Mrs. Effie Wolfe, of Kingston, and Mr. and Mrs. Pearl Betz of Columbus went to Hamilton Tuesday, to spend a few days with Mrs. Marc Schneider.

BM2 Lyman Dresbach Jr. is spending a 10-day leave here with his family: Mrs. Dresbach, Jimmie, Jeffrey and Jeanese. He is stationed at Charleston, S. C.

Tim Ellis, son of Mr. and Mrs. Tom Ellis of Memphis, Tenn., came on Tuesday to visit his grandparents, Mr. and Mrs. A. D. Ellis.

His mother and sister, Sherrie, are at present visiting other relatives, and will be here a little later.

**MR. AND MRS. W. R. Sunderland** met their son-in-law and daughter and their children from Hamilton, for a picnic, Sunday, and brought the granddaughters, Donna and Jeanette, home with them for a visit.

To celebrate their seventh wedding anniversary, Mr. and Mrs. Paul Jones had dinner Saturday evening at the Jai-Lai in Columbus. Accompanying them were Mr. and Mrs. Glen Congrove.

Later they all went to the Sky Room at the Deshler-Hilton for dancing.

The regular meeting of the Ne Plus Ultra Sunday School Class was held in the Social Room of the Methodist Church, Tuesday.

Mrs. L. E. Kerns presided in the absence of the president. During the business meeting it was voted to give \$13 to the Senior MYF for their Camp fund, and \$50 to the Parsonage Fund.

In place of the annual dinner meeting, it was decided to reserve a table for the class at the Salem Fish Fry to be held the latter part of July.

At the close of the meeting, several interesting articles, written by Chet Long, were read by Miss Kathryn Brundige.

Ice cream, strawberries, cookies, and coffee were served by the committee: Mrs. John Davis, Mrs. Pearl Patrick, Mrs. Irene Brooks, and Mrs. T. J. Evans.

Miss Doll Large is attending the summer music camp at Ohio University for two weeks. The scholarship for this music camp is sponsored by the Kingston Civic Club. This is the second year they have sent a representative.

react negatively or with intolerance we become acquainted with the personal philosophy of each person and appreciate him."

The speaker's goal is promotion of understanding and it was illustrated that it is not what a man says or means to say that is important to his understanding, but what made him say it.

Human relations are complex and go far beyond the usual superficial impressions of good and evil, DeNeef concluded.

**MARY NOGLE** and Shirley Kelley are also at Ohio University this week attending workshops in Journalism — Mary is representing the School Paper and Shirley is representing the Year Book.

They are sponsored by the Commercial department of the high school.

Shirley wrote her mother that there are 1427 students in their workshop alone, and there are workshops in many fields.

We were all sorry to learn that Jane Davis, who was attending Buckeye Girls State at Capital University, was taken ill, and had to return to her home.

Mr. and Mrs. Eldon Wiley of Bradford spent the weekend here as guests of Mr. and Mrs. Thurman Beavers and family.

Mr. Wiley was superintendent of schools here a few years ago.

**Miss Sue Hill**, bride elect of Mr. Philip D. Gay, was honored with a linen shower, Sunday evening, given by Miss Sue Ann Renner and Miss Rae Ann Freze at Miss Renner's home in Hilliards.

The gifts were presented under a decorated parasol on the table. Miss Hill received gifts from the following: Miss Ann Burdette, Miss Sue Runyon, Miss Nancy Berner, Miss Sarah Long, Miss Nancy Locke, Miss Sandy Parish, Miss Nancy Dunlap, Miss Alice Lou Hill, Miss Judy Hill, Miss Carol Hill and the hostesses.

The wedding will be an event of next Sunday.

## Judge Slaps Restraint On Celina Plant Union

**CELINA, Ohio (AP)**—A restraining order was imposed against the members of the striking United Steelworkers Local 5369 by Mercer County Common Pleas Judge Paul Dull Thursday. The union has been striking the Huffman Manufacturing Co. of Celina for 22 days. The order resulted after several workers were accused of refusing to allow removal of two loaded boxcars from the bicycle-lawn mower factory.

"The point is," he said, "we're occupied with things that are uplifting, instead of having time on our hands. I'm busier and I enjoy life more than I ever did." About 15,000 Adventist young

people are here this week for a "Festival of the Holy Scriptures," and to talk about putting Bible principles into youthful practice.

They prescribe a firm code: No dancing, smoking, card-playing or alcoholic beverages; no fraternities or sororities; college parties are chaperoned; movie-going is discouraged, and television is out, except in rare, selected instances. Girls wear no jewelry, little makeup, dress modestly.

It's not a matter of restrictions," said Lauralee Trainor, 19, a pretty, brown-eyed blonde of Orange, Calif. "It's just adopting a better way of life, in a positive sense."

"We're gaining something — a closer walk with God. Most young people live in fear. I have God — someone who is with me every day."

Both Miss Trainor and Ault are delegates from La Sierra College, of Arlington, one of 11 Adventist

senior colleges in the country. They were among 750 youths from the West Coast arriving on a 22-car special train.

## U.S. Political Cauldron Comes To Fresh Boil

Kennedy, Johnson  
Count Up Delegate  
Votes for Convention

By THE ASSOCIATED PRESS  
With the national convention  
season just two and a half weeks  
away, the political cauldron has  
come to a rolling boil. Some of  
the bubbles that came to the sur-  
face Thursday:

—Sen. John F. Kennedy of Mas-  
sachusetts, front runner for the  
Democratic prize, snared his  
largest single bloc of convention  
votes so far when 91 1/2 of New  
York's 114 were pledged to him.

—Backers of Sen. Lyndon B.  
Johnson of Texas figured Kennedy  
will have over 600 votes when the  
convention starts July 11, but said  
their man would have 502 and  
claimed his total would swell in  
later ballots unless Kennedy man-  
ages to sweep the board on the  
first ballot; 761 convention votes  
are needed to nominate.

—President Eisenhower, golfing  
in Hawaii after his Far East trip,  
was reported drafting a reply to  
mounting Democratic criticism of  
his foreign policy, particularly the  
consequences of the cancellation  
of his visit to Japan.

Eisenhower talked by phone  
with Vice President Richard M.  
Nixon, the GOP's prospective  
nominee, for the first time since  
leaving on his trip.

Eisenhower's press secretary,  
James C. Hagerty, said the Pres-  
ident "is somewhat puzzled and  
amused that some of these same  
gentlemen were saying before the  
trip it would be a catastrophe if  
he didn't go to Japan." Hagerty  
didn't say which Democrats he  
meant.

Kennedy's New York strength  
brought his unofficial total of  
votes to 484, according to an As-  
sociated Press tabulation. His  
camp claims he will go into the  
convention with more than 600;  
the AP tabulation counts votes de-  
termined by state primaries, state  
convention actions and polls of in-  
dividual delegates willing to an-  
nounce their stand.

Johnson's total in the AP list  
now is 202 1/2. He got 2 1/2 votes  
from the New York delegation  
meeting at Albany, N. Y.

At Trenton, N. J., Robert J.  
Burkhardt, a close political ad-  
visor to Gov. Robert B. Meyner,  
said he thinks the state's 41-vote  
delegation should switch to Ken-  
nedy now. It presently is pledged  
to Meyner as a favorite son.

A nationwide movement to draft  
Adlai E. Stevenson for the Dem-  
ocratic nomination was pro-  
claimed by James Doyle, a 45-  
year-old lawyer from Madison,  
Wis.

Doyle had no visible support  
from Stevenson, who has said re-  
peatedly he is not a candidate,  
but keeps making speeches like  
one. Doyle also had no support  
from the national party chair-  
man, Paul M. Butler, who re-  
fused him working space at the  
headquarters hotel in Los An-  
geles on the ground that Steven-  
son would have to ask for it him-  
self.

Stevenson said at Waukegan,  
Ill., that both parties should  
keep Mr. Khrushchev out of the  
1960 campaign. He added "our  
elections have always been our  
own business. Let's keep them  
that way."

But Stevenson kept up his criti-  
cism of Eisenhower's foreign pol-  
icies and had this to say about  
the Japanese affair:

"What is clear is the proposed  
visit to Japan has accomplished

## Hiking Briton Heads For West Virginia

CAMBRIDGE, Ohio (AP)—Dr.

oversleeping, headed toward an  
Ohio River crossing and a look at  
state No. 10—West Virginia—on  
her trans-American walk.

Within 10 minutes after she left  
a hotel here, she was caught in a  
heavy rainstorm. An Ohio High-  
way Patrol car and a city police  
car escorted her out of Cambridge.  
The hiker hoped to reach Wheel-

there it's only a few miles into  
Pennsylvania, the home stretch of  
her trek from California to New  
York City.

## Beatnik Flees Yen of the Yang

MILWAUKEE, Wis. (AP)—Bo-  
hemian Bob, a plump, self-pro-  
claimed beatnik, tried to hole up  
Thursday night in his "The Yen  
of the Yang."

His "yen" was the window of  
a Milwaukee store that he had  
rented. His tenancy there, how-  
ever, was short-lived.

Today he is in police custody  
in a hospital, nursing cuts on his  
hands and arms and facing a  
charge of disorderly conduct.

This is the story related by Mil-  
waukee police:

Robert Schweda, 29, (Bohemian  
Bob), rented the store and painted  
numerous signs. He displayed  
them in the store window. They  
stated he wanted business as an  
author and a painter.

He also painted in one window  
signs in red letters reading "Help  
Beatnik Trapped." Even a  
square knows that it should be  
beatnik.

On one window he painted "The

Yen of" and on the other window  
"The Yang."

Then he stood in one window  
and posed as "The Thinker,"  
scowling at the several hundred  
persons who were attracted by  
the display.

The crowd finally drew police  
and they asked Schweda to come  
out.

Instead he nailed shut both  
front and rear entrances and  
again took up his pose in the win-  
dow.

Deputy Inspector Hans Krems-  
reiter decided that Schweda was  
causing a disturbance and creat-  
ing a nuisance. He ordered his  
men to break in the door.

Officers started to break in the  
rear door. Schweda retaliated by  
throwing a hammer through a  
plate glass window.

He was subdued and hand-  
cuffed but not before he had  
grabbed the edge of the broken  
window. He was pulled out by  
about six officers.

## City School Board Orders Immunization of Children

All Circleville School system  
children entering the sixth grade  
through high school must have im-  
munization records to present  
their teachers on opening day of  
school this fall.

This announcement was made  
today by the City Board of Edu-  
cation in cooperation with the  
Circleville Board of Health.

Immunization records must be  
presented teachers if students  
wish to continue to be enrolled in  
the city school system.

Immunizations may be received  
from family doctors or from the  
Health Commissioner's office for  
indigent families.

BEFORE receiving immuniza-  
tions from the family doctors, re-  
cord cards must be picked up from  
the health office, located on the  
first floor of the Municipal Build-  
ing, S. Court St.

Doctors do not have the neces-  
sary record cards, only the  
health office. Certificates, other  
than those distributed by the health  
department, will not be accepta-  
ble.

Immunizations for children of in-  
digent families will be adminis-  
tered at the health office on Mondays

and Fridays only. Immunizations  
will start there on Monday and  
run through the opening of school,  
August 30.

Children entering the first  
grade this fall must have a com-  
plete physical examination, all  
immunizations and a certificate  
stating such.

Children entering the first  
grade, who are financially unable  
to have their family doctor admin-  
ister the examination and immu-  
nizations, must attend the annual  
Pre-School Clinic, sponsored by  
the City Parent Teachers Assn.

Immunization is required by  
state law, which says that no  
pupil will be admitted to any city  
school without an immunization  
certificate.

WRITTEN evidence, satisfactory  
to the teacher in charge of admis-  
sion, must be shown that the pupil  
has received, or is in the process  
of receiving, immunization  
against poliomyelitis, smallpox,  
diphtheria, whooping cough and  
tetanus.

During the past five years the  
first five grades have received  
their required immunizations, mak-  
ing it necessary to start checking  
immunizations with the sixth  
grades and up this fall.

## Teays Valley Residents See Building Program a 'Must'

This is the third and final in a se-  
ries of articles concerning the ques-  
tion of returning the \$1,900,000 high school  
bond issue for the Teays Valley  
School District to the ballot for a  
third time.

Many prominent Teays Valley  
School District businessmen, prop-  
erty owners and farm owners Mon-  
day night decided that little could  
be cut from the proposed \$1,900,000  
high school bond issue if it is to be  
of any real value to the community.

These men, numbering 40, dis-  
cussed what could be sliced from  
the proposed high school with the  
Teays Valley Board of Education  
and Stan Martin, representative  
of the school's architectural firm,  
McLaughlin and Keil, Lima.

After more than an hour's dis-  
cussion, it was decided by the ma-  
jority that nothing could be cut that

would not be missed in years to  
come.

School officials were of the op-  
inion that the McLaughlin and Keil  
designed high school was as inex-  
pensive at 85 cents per cubic foot  
as it could be.

BUT THEY warned that because  
of the delay, the school may cost  
more than originally estimated due  
to construction costs and prices of  
materials which have risen in the  
past year.

Martin then took the floor and  
read off the cuts that were possible,  
their advantages and disadvantages.  
He opened his talk by explain-  
ing that an industry looking for a  
new location investigates a com-  
munity's schools and churches be-  
fore its looks any further.

He said the school could do with-

# Castro Hints Confiscation If U.S. Cuts Sugar Quota

## Cost of Living Hits Another Record High

WASHINGTON (AP)—The cost  
of living edged up one-tenth of  
one per cent in May, setting a  
new record for the third month  
in a row.

Reporting this today, the Labor  
Department announced its con-  
sumer price index reached 126.3  
per cent of the 1947-49 average.

Higher food prices were chiefly  
responsible for the rise.

As a result of the rise, about  
200,000 workers in the aircraft,  
meatpacking, chemical, trucking  
and metal working industries will  
get cost-of-living pay boosts.

Their wage contracts have claus-  
es providing for adjustments in  
relation to living costs.

For most of the workers, the  
pay increase will be one to two  
cents an hour.

Despite the slight rise in prices,  
the buying power of the average  
factory worker's paycheck rose  
slightly. Longer hours of work  
boosted his spendable earnings by  
70 cents, or one per cent.

Nevertheless, buying power in  
May still was 2 per cent below  
that of a year ago.

In May, as in April, food prices  
were up more than seasonally.

The rise was especially marked  
as to fresh fruits and vegetables.

Consumer services also were  
higher. These included medical  
care, which rose three-tenths of  
one per cent.

Among the declining costs were  
those of new and used cars, tires  
and gasoline.

Housing costs declined for the  
first time in almost two years—  
not because of lower prices for  
dwellings but due to dips in prices  
of home furnishings, fuels and  
household operations.

Arnold Chase, price chief of the  
Bureau of Labor Statistics, said  
prices of fresh fruits, vegetables  
and pork may have climbed again  
this month. But auto prices should  
go down seasonally, so that the  
spring advance in over-all living  
costs may give place to a reason-  
able summer stability.

The index in February climbed  
back to the record level of last  
November and has not stopped  
rising since.

The May increase, however,  
was only one-fourth as great as  
that of April.

## Woman Dies, Cleric Hurt in Accident

DAYTON, Ohio (AP)—A woman  
whose auto stalled on U.S. 40 was  
killed, and a minister, who was  
helping her, was injured early to-  
day when they were struck by a  
tractor-trailer truck, the Highway  
Patrol reported.

Killed was Edna Elaine Arring-  
ton, 21, of nearby Clayton. Injured  
was the Rev. George W. Allison of  
Pocahontas, Ark.

Patrolmen said the woman's car  
apparently stalled on the highway  
about 2 1/2 miles east of the in-  
tersection with Ohio 48. The Rev. Mr.  
Allison had stopped to help the  
woman when the truck crashed  
into the group from the rear.

The truck driver, Clayton  
Schindler, 30, of Mansfield was un-  
hurt.

## Ike Talk with Nixon Hints Of GOP Concern on Policy

HONOLULU (AP)—President  
Eisenhower's conference with  
Vice President Richard M. Nixon  
by telephone may well reflect Re-  
publican concern over Democra-  
tic attacks on administration for-  
eign policy this election year.

Eisenhower, vacationing in Ha-  
waii after his controversial Far  
Eastern tour, talked Thursday to  
Nixon in Washington.

Eisenhower and Nixon discussed  
the tour, including the furor-stir-  
ring cancellation of the three-day  
visit the President had expected  
to make to Japan. Eisenhower  
has blamed blowup of the visit  
on Communist-inspired rioting in  
Tokyo.

The President also talked over  
with Nixon the television-radio re-  
port which Eisenhower will make  
to the American people Monday  
night on his Far Eastern jour-  
ney. The President will speak  
from Washington, and his 30-min-  
ute address, starting at 6:30 p.m.  
Eastern Standard Time, will be  
carried live by most of the net-  
works. Others are scheduling de-  
layed broadcasts later in the eve-  
ning.

After reporting the Eisenhower-  
Nixon telephone conference, White  
House Press Secretary James C.  
Hagerty was asked whether the  
President had any comment on  
what newsmen called mounting  
criticism by Democrats of Eisen-  
hower's tour.

"Not specifically," Hagerty re-  
plied, "But he is somewhat puz-  
zled and somewhat amused by the  
fact that some of these same gen-  
tlemen were saying eight days  
ago that it would be a catastro-  
phe if he didn't visit Japan."

There is small likelihood, how-  
ever, that either Eisenhower or  
Nixon is truly amused by the  
fresh flurry of attacks by some  
key Democrats on administration

foreign policy generally and the  
Japanese visit collapse particular-  
ly. Among Democrats firing criti-  
cism have been Sen. Lyndon B.  
Johnson of Texas, regarded as a  
contender for his party's presi-  
dential nomination; Sen. Mike  
Mansfield of Montana, assistant  
majority leader of the Senate; and  
Sen. Hubert H. Humphrey of Min-  
nesota, a member of the Senate  
Foreign Relations Committee.

Cancellation of the Japan visit,  
coming atop the U2 spy plane epi-  
sode and collapse of the May sum-

mit conference, has put the ad-  
ministration under perhaps the  
heaviest attack in the foreign pol-  
icy field in seven and a half years.

There seems no doubt now that  
the policy will be a major cam-  
paign issue. And Nixon, as the  
almost sure bet Republican presi-  
dential nominee, is put in the po-  
sition of having to deal with the  
opposition attacks.

Eisenhower is in the same po-  
sition, of course, so his Monday  
night report cannot help but add  
up to a reply to the Democrats.

## Red Role in Cuba Pondered by U.S.

WASHINGTON (AP)—George  
V. Allen, director of the U.S. In-  
formation Agency, declared today  
the Soviet Union may be engaged  
in a tit-for-tat effort to establish  
a Communist base at the edge of  
the United States.

Such an objective as a counter  
to the U.S. bases near the Soviet  
Union, Allen told a House For-  
eign Affairs subcommittee, could  
account for international commu-  
nism's "new and intensified cam-  
paign for intervention" in Latin  
America.

That area of the world is a  
prime Communist target, Allen  
said, and "the Cuban revolution,  
with its extreme leftist overtones,  
has opened the door to increased  
Communist penetration of this  
hemisphere."

He testified that Soviet Premier  
Nikita Khrushchev, who plans to  
visit Cuba, has given fresh evi-  
dence of Communist designs on  
Latin America.

In Cuba, he said, the Commu-  
nist bloc contemplates "full,  
though somewhat veiled," support  
of the Fidel Castro regime—pos-  
sibly hoping to provoke a situa-  
tion in which the United States  
could be accused of military or  
economic intervention.

The U.S. government, he added,  
hopes "the Cuban people with  
their tradition of freedom, even-  
tually will come to insist on a  
change of course for their gov-  
ernment in order to obtain the  
democracy and freedom they al-  
ways have sought."

One of the main drives of the  
Soviet Union, Allen commented,  
has been against the development  
of U.S. bases. It may now be, he  
said, that Kremlin leaders have

## Americans Hold Vast Interests In Cuban Area

HAVANA (AP)—Fidel Castro  
has threatened to confiscate all

the United States cuts the quota  
of Cuban sugar on which it pays  
the island nation a bonus of 150  
million dollars a year.

The Cuban Prime Minister  
termed a proposal before Con-  
gress to give the U.S. President  
standing authority to cut the quota  
"economic aggression" and a  
"knife thrust in the chest." His  
100-minute speech Thursday night  
was broadcast over a nationwide  
radio hookup.

"We will not remain impass-  
sive," he said. "We will know how  
to meet economic aggression."

Speaking of the huge U.S. busi-  
ness interests in Cuba, Castro  
said: "In the same manner that  
they are there now, it may be in  
the future that they are not  
there."

American investments in Cuba  
before Castro came to power  
totalled about a billion dollars, but  
the revolutionary regime has  
taken over about a third of this,  
chiefly sugar and cattle lands.  
Properties still in American hands  
include the 300-million-dollar Cu-  
ban Electric Co., the 115-million-  
dollar Cuban Telephone Co.,  
banks, sugar mills, mines, oil re-  
fineries and various commercial  
enterprises.

Most businesses still in Ameri-  
can hands have been curtailed by  
Castro's regime. American im-  
ports of half a billion dollars a  
year have been cut in half. The  
electric company's rates have  
been cut a third.

The government has refused to  
release more than 50 million dol-  
lars in foreign exchange to pay  
U.S. and British oil companies  
for Venezuelan oil they imported,  
refined and sold to the Cubans.  
Cuban "interventors" have been  
put in other American businesses  
with authority to overrule the  
American managers at any time.

Americans, particularly those  
working for sugar or cattle com-  
panies, have been arrested ar-  
bitrarily and harassed repeatedly.  
The United States is still buying  
about 3 1/2 million tons of sugar  
a year from Cuba, more than half  
the Cuban crop, and is paying a  
premium of about 2 cents above  
the world market price. Much of  
the rest of the Cuban crop is sold  
at a world price of about 3 cents  
a pound, or a cent less than the  
cost of production.

## RC Swimming Programs Start Monday

The Pickaway County Chapter of the American Red Cross Water Safety program starts at 9 a. m. Monday in the Circleville Municipal Swimming under the direction of Misses Florene and Joanna Goldschmidt.

Intermediate classes start at 9 a. m. and last until 10:30 a. m. Beginner classes start at 10:30 a. m. and run until noon daily. Adults lessons will be conducted from 9:45 until 10:45 a. m. daily.

Classes will be conducted in two week periods. The first classes will run until July 8.

Evening adult classes will start July 11, in the Ashville pool. They will be held on Mondays, Tuesdays and Thursdays.

ADULTS desiring to enter the summer course are to report at the same times as the children from August 9 through the 19.

The Goldschmidt twins, 901 N. Atwater Ave., Wednesday returned from 10 busy days at Camp Limberlost, LaGrange, Ind. The period was a training course for directors of Red Cross swimming programs.

The girls said they had learned many things that will be helpful to them in providing a worthwhile water safety program for the people of the county.

They stated that officials there hope to be able to standardize Red Cross swimming courses throughout the United States. In order to do this, standard skill requirements for each course have been raised.

Due to this movement, the girls said there will be a lower percentage of students passing this summer's courses.

The main purpose of the beginner and intermediate courses is survival, on or about water. The purpose of swimmers' and advanced swimmers' courses is the perfection of strokes and skills.

just what it was intended to prevent—the Kishi government's authority has been destroyed and the new treaty imperiled.

Sen. Stuart Symington (D-Mo.), still plugging for the Democratic nomination, quoted some words of his most prominent backer, Harry S. Truman.

Symington told a Kansas City audience "the Republicans have the propaganda and the money, but we have the people, and the people have the votes."

Turning to Truman at the speakers' table, Symington said "President Truman, it is because every word was taken from speeches you made in the 1948 campaign. They are your words, not mine. But everything you said then needs to be re-stated today."

Truman, in a speech of his own, said "I am for Stu and I am going to be for him until the last dog dies."

## Central Ohio Areas Shaken By High Wind, Heavy Rain

By THE ASSOCIATED PRESS

An early-morning wind and rain storm swept over central Ohio Friday morning, striking a heavy blow at Johnstown northwest of Newark near the Delaware County line, and causing damage in other areas as well.

The storm in Johnstown was at first described as a tornado, but weather officials have not confirmed this. The high winds damaged several houses, uprooted trees and downed power lines, blocking highways.

Sheriff's department emergency units sent to the scene because falling trees had knocked out communications lines reported one small boy was injured, apparently not seriously. He was not identified.

Deputies said at least four houses were heavily damaged, at least one a total loss. A barn also was destroyed and several autos flattened when trees fell on them.

The storm struck about 6:30 a. m. in Dayton, an estimated \$25,000 damage was caused the Kettering Roller Rink. The high wind blew in the south wall of the structure and blew out the north wall officials reported. No one was in the building at the time.

In Columbus, the wind toppled some trees on North High Street and knocked down a trolley line. Weather Bureau officials said the wind was clocked officially at Port Columbus at 36 m.p.h. but that

there were gusts of wind from 40 to 45 m.p.h. for a time.

The Chicago Weather Bureau blamed a cold front for the siege of unusual weather that hit central sections Wednesday and Thursday. The front extended from the Great Lakes into northwest Texas.

It produced: A tornado in Illinois that caused some damage to farm buildings, utility lines; killed seven persons, six of them in Kentucky; rains of 6 inches in southern Indiana; more than 5 inches in Kentucky; flash floods that forced many persons from their homes; flooded rivers; ruined crops; disrupted public services.

Warm air from the Pacific moved into the northwestern states early today, raising nighttime temperatures up 15 degrees over the previous night's readings in Montana.

At the same time, cool air moving southward from the Plains States dropped temperatures 10 to 15 degrees from the previous night.

## Church of God Features Film

"Holland Wonder," third in a  
series of documentary films by  
the T. L. Osborn Evangelistic As-  
sociation, will be shown at 7:30  
p. m., Wednesday, at the Circleville  
Church of God, one mile West on  
Route 22.

This feature length, sound, color  
production presents the charming  
Netherlands in a beautiful travel-  
ogue, visiting a number of the  
famous cities of that land. In and  
near the capital city of Amster-  
dam, the camera captures a  
flourishing cheese market and dig-  
nified 500 year old churches ad-  
jacent to 20th century architecture.  
In Marken, the city surrounded by  
the sea, men can be seen in tradi-  
tional black Dutch pantaloons and  
wooden shoes. The women also  
wear a distinctive and colorful  
ancestral dress. In The Hague the  
camera records medieval pomp  
and pagentry as Queen Juliana, in  
her golden carriage and with her  
royal court, visits the opening of  
Parliament.

Shown also is the T. L. Osborn  
evangelistic campaign which  
drew crowds of over 100,000 per-  
sons daily. An unprecedented event  
in orthodox, sedate Holland, these  
meetings created a spiritual hung-  
er which rapidly spread to every  
part of that ancient land. Evangel-  
ist Osborn has conducted similar  
mass crusades in 35 countries  
across the world.  
"Holland Wonder" will be pre-  
sented by a co-operating evangelist  
with the Osborn organization. The  
public is invited and there is no  
admission charge.

## What makes Henry wear such a happy look?

The happy reason is Dean & Barry house paint with  
Poly-Lin—the new super-processed linseed oil that makes  
your home look like a million.

You'll be happy with the smoother, glossier, solidly cov-  
ered look Dean & Barry house paint with Poly-Lin gives  
when new. And you'll find that this new Poly-Lin paint  
looks better years later... in whiter white, or colors that  
stay fade-free bright.

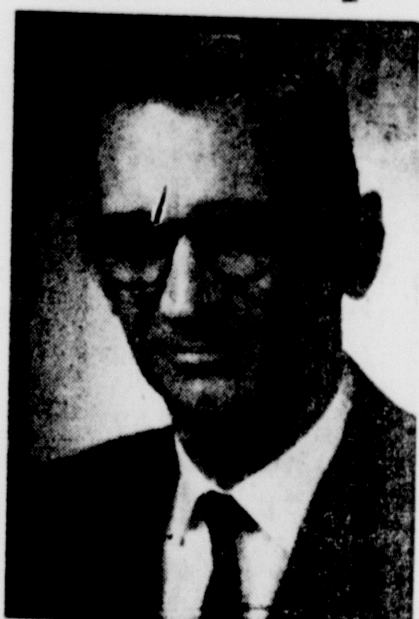

You'll be happy to find that Dean & Barry house paint  
with Poly-Lin sells for less than most advertised brands. And  
you save, too, because only 5 economical gallons per coat  
does the average 6-room home. See us today. Or ask your  
painter-decorator to use the paint that's made with Poly-Lin.  
He will know what you mean. Happy news travels fast.

## Complete Polio Victory Eyed

A group of specialists in viruses, meeting in Washington, reported there is a possibility that poliomyelitis can be eradicated as a human disease. It was the Second International Conference on Live Polio Vaccines.

Although the conference did not give a blanket endorsement to live vaccine, it did point out that first findings showed it has advantages not shared by the killed vaccine.

The report said that killed - virus polio vaccine, being used in the U. S., 'can do little to eliminate the casual virus from the gastrointestinal tract of man.'

An eradication program, outlined by the conference, would require mass vaccination of millions of people around the world. Oral vaccine is considered

about the only practical kind for such a program.

"This concept of complete eradication of poliomyelitis is indeed bold," the conference found, "and it would be well to prepare for disappointments and the unexpected."

The findings of the specialists will be reviewed by a committee of experts from seven nations.

## Government Gobbles Dollars

One of the main urgencies in some political circles is that, our society having reached a level of private wealth never before seen on earth, more of that wealth must be captured for government distribution.

Now comes Sen. Joseph Clark of Pennsylvania to express a fear that there is an "anti-government fixation" rising in America which will lead to a new anarchy. He says people are swinging against more government and bigger tax bills at a time when government intervention is needed as never before to develop resources and improve human welfare.

## Four Words Worth \$25,000

By HAL BOYLE  
NEW YORK (AP)—Jerry Lewis says he once paid \$25,000 for four words—and they were a bargain. "It was after I had a heart attack. I went to the best doctors I could find," he said. "I asked them how I could prevent another attack. They told me the main thing to avoid—constant, continuous, unremitting pressure. Those four words cost me \$25,000, but they were worth it. I learned a lesson. The secret of living longer is to avoid aggravation."

It is a question, however, how well the wire-nerved young comic has learned his lesson. He has an insatiable curiosity about life—even watched the births of three of his five sons—and is driven by an almost ungovernable energy.

The ordinary man works 50 weeks a year. Jerry now puts in the equivalent of 81 weeks a year and shows no signs of slowing down.

If anything he has stepped up

the pace. In his latest film, he not only acts as star, he also wrote, directed and produced it. Lewis believes he has a record which no other present day star can match. All his pictures—25—have more than paid their way at the box office. None has gone into red ink.

That is one reason he has decided he will direct, produce—and at least help write—many of his future pictures.

"I decided I might as well have some of that money myself," he says.

He also feels his films will improve if he has more authority over their content and production. "When you do so many jobs on a picture, it sometimes means a 21-hour day, but it's a wonderful thing for you—physically, mentally and spiritually," he said.

"What's the advantage? Well, look at it this way. You're not as careful with your cigarette ashes in another guy's office as you are in your own home. No body will work quite as hard for

you as you will for yourself.

"Sure I'll make mistakes. It's the guy who does nothing who makes no mistakes. But he achieves nothing.

"I'm one of the rebels of Hollywood. I think if our industry had more really dedicated people, our record would be better.

"The only way you can create something that is good is to keep working at it. Only the psychos blame somebody else."

Jerry says he put \$1,750,000 of his own money into current film which is partly based on his own youthful experiences in the Catskill Mountain borscht belt.

His madcap brand of humor sometimes falls on TV and film critics, but Lewis explains his enduring success.

"I owe it to the little people—the kids. They aren't fickle, as grownups are," he said.

"They are loyal to you as long as they know you are still one of them. And I am. I do all the zany, nutty things they'd like to do in their fantasies."

## Law Doesn't Stop Spies

Soviet agents take the law in their own hands whenever they so desire. It is probable that all agents do that. For instance, Israeli agents kidnapped Adolf Eichmann from the Argentine. The puzzling Czajka case also is in point.

On the evening of Nov. 29, 1959 Washington's Metropolitan Police Department was informed by Polish Embassy and State Department officials that it had been reported by Antoni Czajka that sometime during the day while he was out with his two children, his wife was brutally attacked by three men who had forced their way into the Czajka apartment in an announced quest for photographs and documents.

Zofia Czajka, the assaulted woman, is the wife of Antoni Czajka, Second Secretary of the Polish Embassy in Washington. The police were unable to question Mrs. Czajka immediately because of her hysterical condition and the interference of the Polish Embassy officials who insisted on their right of extraterritoriality.

Because of diplomatic interference, the police were forced to wait 19 days before being permitted by the Polish Embassy to interview Mrs. Czajka although she was fully capable of answering questions.

The interview on December 18, 1959, lasted only one hour as Mrs. Czajka became upset when questioned on crucial points. The interview and subsequent police investigation revealed several factors which remain unexplained.

Mrs. Czajka never first became aware of the presence of the intruders when she was shaken awake by one of them. Yet the apartment door was always kept heavily locked and there was no evidence of forced entry. Police concluded that entry had been achieved by invitation or by a duplicate key. Yet even three weeks after the incident, no request had been made to change

the door lock, indicating a lack of fear that a duplicate key was available.

The assumption must be that Mrs. Czajka knew who her intruder was, but no one can understand why the police were called in at all.

Police were required to wait several days before being permitted to process the apartment for fingerprints, and then only fingerprints of the Czajka family were located. This, despite the fact that one of the three alleged intruders was unengaged, as proven by a minute discription of a ring he wore.

It also seemed odd to police that Mrs. Czajka was able to give a detailed description of only one man and had the vaguest recollection of the remaining two. Mrs. Czajka recalled to police how she was able to prevent the three men from taking one article they had located by wrestling it from their grasp.

It is not understandable how Mrs. Czajka could describe anything if she was in the semi-conscious condition which her husband described. The assumption regarding this is that the whole matter was of some political or espionage significance, particularly as much attention was paid to it in Poland.

There the Ministry of Foreign Affairs treated it as an assault on a Polish woman in Washington, but it did not say why it was done.

Such puzzling cases often lead to the conclusion that some inner situation is involved, the intruders often looking for documents because they suspect a double-cross, double espionage, or counter espionage. Sometimes, particularly in the case of a woman, an attack is made on a blabber-mouth to frighten her. Of course, not only women are blabber-mouths or are indiscreet. Sometimes, men do very foolish things.

For instance, there is the case of a United States citizen on official business in an Iron Curtain country who was compromised by a combination of Communist-provided maid service and an infra-red camera which takes pictures in the dark. When Communist officials attempted to blackmail him into espionage, he refused to cooperate and told his superiors what had happened. It was necessary to transfer him to another post.

The infra-red camera is used constantly in this work. It takes pictures in the dark without exposing itself. It can be hidden and worked from another room. It is used particularly to get the goods on a man who engages in any form of sex relations and who then can be freely blackmailed either by

making his indecencies known to his family or to his government. Often frightened men become spies.

ARLINGTON, Va. (AP)—More than 45 lunch counters in northern Virginia drug, variety and department stores soon will be opened to Negroes.

Two drug chains, Peoples Drug Stores and Drug Fair, and two major department stores, S. Kann's Sons Co. and Lansburgh's disclosed Wednesday night they intend to start serving Negro patrons in Alexandria, Falls Church, and in Arlington and Fairfax counties.

The Hecht Co., a department store, and F. W. Woolworth and G. C. Murphy are reported to be preparing to start the same general policy. One Woolworth store in Arlington opened its lunch counter to Negroes Wednesday.

"HORRIBLE EXAMPLES"—Senator Paul Douglas (D), Illinois, displays some "horrible examples" in Washington of what he terms "appalling waste" in the purchasing of military supplies. For example, he says, the Navy paid \$21.10 for lamp sockets (Item 3) similar to those retail stores sell to the public for 25 cents. Senator Douglas says the Defense department is wasting between \$2 and \$3 billion a year.

## Letters To The Editor

EDITOR'S NOTE: The Herald welcomes expressions of opinions from its readers on subjects of general interest through letters to the editor. We insist that all letters must be signed with the name and address of the writer. However, the name will not be used in publication of the letter if the writer requests. A pen

name or initials will be substituted.

We will not use anonymous letters. We believe that a letter to the editor column can serve as a public forum. The editor reserves the right to shorten over-long letters and to reject letters which contain personal attacks on individuals. The column will not be open to religious controversy of any kind.

Dear Editor:  
"I read a very interesting letter in the June 13th issue of the Herald. It was written by a man, I believe his name was Huber, who seemed very disgruntled about the auto salvage yard that is opening on U. S. 23 at the old applehouse."

"It's nice to know that there are people who are interested in the appearance of the town or city in which they live. But there are a few things that Mr. Huber probably doesn't know.

"Perhaps he does not know that a certain booze peddler in Circleville was trying mightily hard to secure the applehouse, namely for the purpose of opening an elaborate booze drive (excuse me, night club).

"If this had come to pass, I wonder if it would have caused any great concern on Mr. Huber's part. They can start a joint, just about on every corner and nobody seems to mind, but just let a man have a respectable business and start to expand a little and somebody is sure to get a chronic belly ache.

"Mr. Huber said he couldn't understand why a beautiful town like Williamsport would allow that awful junk yard with its borders. He probably doesn't know that when that terrible place was started it was outside town. But the town seemed so happy about the whole thing, that they just moved the city limits a little farther east, so the yard would be in town.

"Personally I think it is much better to have a place that some people considers to be an eye sore than to have a place that makes

sore eyes. However the case may be, you just can't stop progress."  
Yours very truly,  
Sandy Lemaster

## How Future Business Looks

# Little Pinches on Purse To Continue for a While

Editor's Note—Will the cost of living level off or inch higher? In this, the last in a series on the economic outlook, Sam Dawson, AP business news analyst, discusses the supply and demand prospects for goods, and consumer plans for spending, saving—and going further into debt.

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The crance of your pocketbook escaping further deep gouges from rising prices seems good for a while—but little pinches will continue.

And most Americans will spend as much of their incomes as ever and borrow when they haven't the cash. The two things that might change this attitude aren't sighted—a drop in confidence, or the start of a real recession.

The consumer changes his spending habits from time to time, however. And business keeps an eye on his state of mind.

Right now he gives every sign of feeling pretty sure of himself. He has plenty of choice in what to buy, expects goods to be plentiful and therefore easily obtainable at competitive prices, and thinks his own future income looks safe enough to let him take on installment debt when he really wants something. He also notes that increasing foreign competition weakens some domestic prices.

The over-all cost of living has been creeping higher and is now at a peak. But because some prices drop as others rise, and because there's been no big upward rush of late as in some previous postwar years, the public seems confident of fairly stable prices. So do the experts in and out of government.

Helping in maintaining the high spending rate, and thus in bolstering high prices, has been the rise of total personal income to a peak. It is now around 400 billion dollars a year, but the rate of increase has been slowing. It will gather speed again only if the fall comes forth with the general improvement in business activity counted on by the optimists.

The total of consumer debt has been rising, too.

Installment credit alone is now at a record 404 billion dollars. Home mortgage debt totals also have risen, although the number of new homes started this year is notably behind those started in the first half of last year.

Some look for more home buying this fall. They count on a greater supply of mortgage funds to tap, on a nudge from govern-

ment relaxing of credit rules somewhat, and on growing consumer confidence.

Interest rates still stay high, however, and so do building costs. But the consumer has fooled business at times. Along with fitful spurts of price resistance, he sometimes revolts against the prized products of industry and demands others.

Examples are the compact cars that consumers conjured up by buying small foreign cars in increasing volume, and the trend to casual clothes that has pained many makers of dressier togs.

And the consumer, in turn, could be fooled in his present belief that price stability is a good bet.

True, most goods will be in ample supply the rest of this year, and most industries will have surplus capacity with which to make more if the demand rises.

But there are some built-in costs, such as still rising labor scales, higher taxes, and transportation and distribution charges. These put a floor under many prices. In a revised boom the floor could run into an elevator.

**SOMEBODY HIT BACK**—Japanese Socialist leader Jotaro Kawakami, 61, former secretary general of the party and a member of the Diet, is given first aid in Tokyo after being stabbed. The stabber was Seizaburo Toma, 20-year-old rightist youth embittered by the "shame" of cancellation of President Eisenhower's visit. Toma attacked Kawakami at rear of the Diet building during a boisterous demonstration by some 35,000 leftists. (Radiophoto)

away with a community center for plays, mass meetings and outside as well as school affairs.

The gymnasium would be dropped, but this would hurt the support of the athletic interests in the district, which are many. This idea met with unanimous disapproval since all three high schools have immense interest and pride in their athletic achievements.

They discussed reducing the size of the cafeteria. But school officials said this would force the school to have three lunch periods which would hamper the educational program.

Martin said the present proposed is planned for efficient and inexpensive administration as well as easy maintenance. He said a community should be proud of its schools.

The architect also said that once an adequate high school with proper facilities is erected, new housing developments and industry may move in to increase the tax duplicate.

He emphasized that the proposed high school has been planned with future expansion in mind. He said that the permanent facilities, such as the gymnasium, auditorium and lunch rooms are large enough to handle future growth.

MARTIN stated that the district probably should increase the price of the bond issue 5 per cent to accommodate the increase in prices.

One proposal put forward by those present was to cut off Scioto and Walnut Twp., and construct a high school for those areas which approved the last bond issue.

One said, "Let's join Hamilton Twp." But he was quiet when another in attendance read off Hamilton's tax rate.

The general feeling was that more education of those areas against the bond issue should be done. They believed several areas were mis-informed on the facts.

Much concern was registered over the attitude of Walnut Twp. and felt no amount of education will change Walnut's anti-consolidation feeling.

One resident said that the young people of the territory are willing to "let bygones be bygones" but it is the older, heavier taxpaying group that is opposing any consolidation among the four townships.

As the meeting ended at 1:30 p. m. that night, one person summed up the problem, stating, "Nothing will ever be accomplished here until people realize that consolidation is here to stay. As long as we resist improvement for the entire district, our children are losing a good education because of their parents' spite."

## Ike Gives His View

# Next President Destined to Travel

HONOLULU (AP) — President Eisenhower believes his successor in the White House will find summit diplomacy and good will travels inevitable despite the hazards.

Eisenhower's views were reported today as the President went golfing for the fourth time in four days, relaxing from the rigors of his controversial Far Eastern trip.

He teed off in the bright Hawaiian sunshine on a closely-guarded course, nestled on the edge of the Pacific, on the other side of the mountain from famed Waikiki Beach.

Eisenhower shunned all outside appointments while resting. In the afternoon, he arranged to work a bit more on the report he has promised the nation of his flying visits to Korea, Formosa, the Philippines and Okinawa.

This major television-radio speech will bear down heavily on the successes Eisenhower believes he achieved in his widely-acclaimed stopovers in these four areas.

But he also will deal at some length with the now much-publicized blowup of his planned stopover in Tokyo in the face of leftist riots.

Eisenhower has scheduled his speech for some time next week after he flies back to the White House this weekend.

In Eisenhower's view, the gain registered in the capitals he was able to visit came because presidential tours provide an unequalled opportunity to demonstrate dramatically U. S. interest in individual countries.

The next president, Democrat or Republican, may have to set off on such travels just as much as he has despite the pitfalls, he believes.

## Fireworks Bootlegging Not Reported to State

COLUMBUS, Ohio (AP)—No reports of fireworks bootlegging, prior to the July 4 holiday, have been received by the Department of Industrial Relations, Margaret A. Mahoney, director of the department, said local authorities are handling whatever problems arise very well.

One important reason dictating this, Eisenhower feels, is that they undoubtedly will be necessary to offset the personal appearance tours of the Soviet Union's fast-moving Nikita Khrushchev who shows no signs of slowing down his travels.

It is also because Khrushchev and his apparent determination to negotiate personally at the top that Eisenhower refused to believe that summit conferences are dead.

He is known to share Secretary of State Christian A. Herter's view that more emphasis should be placed on trying to settle tangled international problems via diplomatic channels, especially in view of the Paris summit collapse.

But if Khrushchev stalls low-level discussions because he insists on a top-level meeting, Eisenhower believes the next president will find it almost impossible to hold out against it.

World public opinion, skillfully exploited by the Soviets, would inevitably drive Western leaders toward a summit date with Khrushchev, in his view.

Officially, Eisenhower has refused to rule out prospects of another flying trip abroad during the remaining six months he has left in office.

The odds against it appear very long.

## One-in-Million Chance Brings Man Freedom

LOS ANGELES (AP)—Perhaps a one in a million chance caused Douglas Beane's bullet that killed a gopher to ricochet on and kill a little neighbor girl, too.

The victim's mother who caused dismissal of a manslaughter charge against him is "probably one person in a million," says Beane.

"I don't know how I'd feel in such a situation," the 25-year-old

auto repair shop owner told a reporter Wednesday. "I have children. Only a person who believes wholeheartedly in God would have an attitude like her's."

Beane fired a 30-caliber carbine at a gopher that popped its head out of a hole in his back yard in suburban Lynwood last Feb. 25. The gopher died.

The bullet zinged on, through a rusty, corrugated tin fence and

through the tarpapered, 3-16-inch plywood wall of a house at the rear.

It struck 4-year-old Donna Sword in the back as she watched television at the neighbor's house while her mother was at work. Several weeks later, after an operation and sufficient apparent recovery, she could play with Beane's two young sons. Then she died.

## Dear Abby...

By Abigail VanBuren

### How Selfish Can You Get?

DEAR ABBY: Please print your  
opinion of parents who come to  
visit their married children with-  
out an invitation and whenever  
they feel like it.

The only advance notice we ever  
get is, "We are dying to see the  
grandchildren."

My husband and I have been  
annoyed by these spur-of-the-  
moment visits from his parents  
and mine. No sooner does one set  
leave when the other set shows  
up. Don't you think parents should  
realize that if they were wanted  
they would be invited? Just be-  
cause our children happen to be  
their grandchildren seems to be a  
pretty poor excuse for barging in.

IMPOSED UPON  
DEAR IMPOSED UPON: Do  
YOU need an invitation to visit  
your parents' home? I doubt it.  
Most parents make it plain that  
their home is their children's  
home. And many parents have  
kept their large homes in spite  
of the added work and expense  
so their children and grandchild-  
ren may visit them. Your parents  
probably feel welcome because  
they don't suspect you are as  
small and selfish as you really  
are. You two make a serpent's  
tooth look dull!

DEAR ABBY: There is a young  
woman who drives by our house  
every morning about 8:05 in a  
blue and white Chevy. My hus-  
band feels that it's his duty to  
smile and wave at her. He doesn't  
know her from a load of hay. I  
say he can look the other way.  
He says it will hurt her feelings.  
I am getting upset over this  
routine. Am I wrong to object or  
not? Please put your answer in  
the paper, Abby. I want my old  
goat to see it.

UPSET  
DEAR UPSET: If he doesn't  
know her from a "load of hay",  
maybe he is just feeling his oats.  
Next time, stand right beside  
your husband, embrace him af-  
fectionately and smile and wave  
to the friendly stranger. I'll bet  
she either changes her route or  
her routine.

DEAR ABBY: I am a boy of  
12 and I am having trouble with  
my brother, who is 10. He wore  
my Boy Scout uniform and took  
my bugle outside and blew it all  
day.

When I caught him I gave him  
a little tap on the head. He was  
standing on the porch by the mail-  
box and his head accidentally hit  
the mailbox and a little tiny cut  
was made and maybe two drops  
of blood came out. He ran in the  
house screaming and my mother  
went into hysterics.

I am now being punished by  
having to stay in the house all  
day Saturday and Sunday. My  
brother didn't get punished at all  
for wearing my uniform and blow-  
ing my bugle. Do you think this  
was fair?

PUNISHED  
DEAR PUNISHED: You brother  
had punishment coming, too.  
But your mother probably felt  
that matter was taken care of

## GE Over Ashville; Kiwanis Is Victor

General Electric last night maintained its first place margin with a 6-3 victory over Ashville and Kiwanis kept within striking distance as it blasted newcomer, Derby, 13-2, in Babe Ruth play.

GE's David Bass and Kiwanis' Gerald Dade, the winning pitchers, both tossed three hitters against their foreign opponents. In going six innings, Bass walked seven and fanned nine.

Freddie Moore finished up for GE, walking one and whiffing three. Ashville's Sheldon Roof took the loss, striking out four and walking eight.

The Electricians got off to an early 3-0 lead behind three hits, a sacrifice fly and a walk. The potent blow of the stanza was Bobby Purcell's double, which drove in Johnny Good and Robert Good.

GE CAME back with two in the fourth when John Good singled and second, Purcell walked. Good scored on Moore's single and Purcell played a run on Mickey Tomlinson's infield out.

Ashville narrowed the score in the sixth with three runs. Two walks to Sonny Roof and Reese preceded Sheldon Roof's single to knock in one run. Miller walked and Robert Kuhlwein singled to drive in Reese and Roof.

Moore relieved Bass when he walked Wyle. Alert play by catcher, Bob Good, caught Miller off third and Moore downed Cummins with a strike out to end the threat.

GE tallied an unneeded run in the sixth on two singles by Jim Wood and Granville Jones and two walks. GE committed the only error of the well-played contest.

Kiwanis greeted Derby, playing its first game in the Babe Ruth League, with an unpleasant 12-hit attack and Gerald Dade was stingy with hits.

The local youths tallied seven times in the first inning on the Derby Twp. High School diamond, more than enough for victory. Dade spun six innings, fanning 11 and walking nine.

Wendell Lovett cleaned up, striking out the side and walking two. Guthrie was the loser. He went the distance, whiffing seven and issuing two free passes.

Kiwanis shot into the lead, sending 12 men to the plate in the initial stanza. Howard Dade and Jack Cook reached base via singles. Lovett made first on an error and was followed by Gerald Dade's single, which drove in brother, Howard, and Cook. Mike Spangler and David Green took to the baselines on errors.

Lovett and G. Dade tallied behind Ronnie Ash's two-bagger. H. Dade batted for the second time in the inning, reaching first on an error. Cook singled for the second straight time to send in two runs.

Spangler's single and two errors accounted for two runs in the second. An error and Junior Tootle's single plated a run in the third. Singles by Green and Ash, plus some fine base running tallied a marker in the fourth.

Kiwanis scored its final two runs in the fifth on three straight hits. Lovett singled and scored behind G. Dade's double. He tallied when Tootle poked a single.

Derby tallied in the first on a walk to Caudill and a single by Conley. Its other run came in the

## Circleville Oil, Rotary Win LL Games

Rotary won its first game of the season last night, stopping Ward's Market, 15-11, and Circleville Oil went into undisputed second place with a 9-4 victory over Third National Bank in Little League minors' action.

The never-say-die Rotarians, used as a "place mat" for the first five contests they played, exploded for 12 hits and 15 runs last night to upset heavily favored Ward's.

Donald Hoffman gained credit for the win as Ward's Tootle, winner of four straight, absorbed his first loss. Hoffman went five innings, allowing four runs, six hits, one walk and struck out two.

Tom Hoffman hurled 2.3 of an inning, allowing seven runs, five hits and two walks. Steve McGinnis tossed the other 1.3 inning, giving up two hits.

TOOTLE went three innings, giving up 12 runs, 12 hits, four walks and striking out three.

Rotary's hits were all singles while Jerry Jenkins had a double for Ward's along with Millard Good's two doubles and Tootle's triple. Ward's committed seven errors to Rotary's five.

The Rotarians tallied four runs in each of the first three innings to lead, 12-4. They added three in the fifth and then halted a Ward's seven-run rally in the sixth on a double play.

By virtue of Ward's loss, Circleville Oil is all alone in the second place as Dade Byrd tossed a neat two-hitter at Third National. He aided his own cause with a double along with Branson Hawkes.

Byrd walked six and fanned nine in going the distance. Mark Lindsey was the loser, walking three and whiffing two. Third National committed four errors to the Oilers' one.

Circleville Oil runners stole 15 bases and the Bankers snared eight. Mark Lindsey had a double for Third National.

### Columbus Tops Toronto, 9-2

By THE ASSOCIATED PRESS

Richmond's suddenly hot Vees get the acid test this weekend they begin a four-game series tonight against the front-running Toronto Maple Leafs.

Toronto leads the International League by five games over Buffalo and eight over the third-place Vees.

Thursday night, the Virginians made it seven victories in a row with a 5-2 decision over last-place Montreal for a sweep of the three-game series. Toronto stumbled before the Columbus Jets 9-2 while Havana won over Buffalo 6-3. Rochester defeated Miami 6-2 in 14 innings.

Two-run homers by Ken Hunt and Jim Pisoni powered the Vees triumph.

Third baseman Dick Gray led a 13-hit Columbus attack against loser Rip Coleman (1-2) and two relievers with a double and a three-run homer for four RBI.

## Tribe Chalks 13 Hits in Nats Game

CLEVELAND (AP)—The Cleveland Indians prepared for the invasion of the New York Yankees by collecting 13 hits Thursday in winning a 7-6 decision over the Washington Senators. The victory gave the Tribe a sweep of its three-game series with the Senators.

The Indians tonight open a four-game series with the league-leading Yankees which is expected to attract crowds totaling 120,000.

Unbeaten Jim Coates, a right-hander, who has won eight games, will be the Yankees' starter tonight. Jim Perry (7-3) will open for the Indians.

Coates will be facing Cleveland for the first time this season. He compiled a 6-1 record last season as a rookie, losing only to the Indians. Perry has made one start against the Yankees this year, but was not the pitcher of record.

Thursday's victory pushed the Indians within two games of the Yanks, whose winning streak was snapped at six games as they lost to Detroit.

The Yankees have won 13 of their last 15 games and 9 of 11 on this eastern tour. The Indians must win all four games of the series to overtake them.

Manager Joe Gordon will send Dick Stigman, rookie southpaw, against Whitey Ford Saturday afternoon and Ted Bowfield and Gary Bell against Ralph Terry and either Art Ditmar or Duke Maas in a doubleheader Sunday.

"This'll be the biggest series of the season for us," Gordon said Thursday. "It's too early to win or lose the pennant, but it'll be a big one."

A wild throw by right fielder Bob Allison gave the Indians an unearned run that beat the Senators Thursday. Perry was on first base as a pinch runner with two out in the eighth inning when John Temple hit a single to right. Allison threw wild to third base and Perry scored the tie-breaking run.

### Mechanicsburg Business Building

(6 Business Units and 11 Efficiency Apartments)

Thursday, June 30, 1960

Sells at 2:00 p. m.

Located at the main intersection (State Route 29 and Route 4 in Mechanicsburg, Ohio.

Consists of business building, formerly Mechanicsburg Hotel, located in the center of Mechanicsburg, and in a very good state of repair; being a three story brick constructed building, under good roof and recently remodeled and converted into a modern investment property with 11 efficiency apartments on the second and third floors, which are all rented at the present time. The ground floor contains 6 business offices, being occupied at the present time by a restaurant, the Dayton Power & Light Co., a beauty parlor, appliance store, and an attorney's office. The second floor contains 5 efficiency apartments, each with private bath and the third floor contains 6 efficiency apartments, each with private bath. Full basement with oil fired hot water heat. This property has been converted into an excellent income producing property, and will make an extra good investment with a potential gross income of \$10,000.00. This property is being sold by the present owners to dissolve their partnership, due to the fact that two partners are living out of the state. Sells on the premises to the highest bidder. Inspection permitted any time.

TERMS: \$2,500.00 cash at time of sale, balance on delivery of deed, with immediate possession, subject to tenants rights.

## Rains Heap More Woes On Anglers

COLUMBUS, Ohio (AP)—Rains again have heaped more woes on Ohio fishermen, already glum at the below-par harvest from the state's lakes and streams.

Fishing pressure has fallen off due to the conditions, the Wildlife Division reports. Here's the area-by-area look at the situation:

Northwest — Many streams are roily to muddy and high and fishing success has been poor. Oxbow Lake has clear water and fishing has been reported as fair to good for bass, bluegills and crappies. Grand Lake-St. Marys has normal water and crappies are the principal fish being caught.

East central and southeast—The lakes reporting clear water and fair fishing are Seneca, Clendenning, Tappan, Forked Run, Burr Oak, Atwood, Hope, Alma and Veio. Most major streams are roily to muddy with a few smaller streams in fair condition.

Central and south—Rocky Fork and Buckeye lakes are two of the bright spots. Bass, bluegills, crappies and few muskies have been reported from Rocky Fork. Although parts of Buckeye Lake are roily, fish have been biting fairly well and the outlook is fair to good. A few streams including parts of Big Walnut, Big and Little Darby, the Kokosing and Blacklick are in fair condition.

Southwest—Fishermen are having some success at Grant, Kiser, Stonelick, Cowan, Sinclair, Indian and Lorain lakes. Stream fishing is generally poor since most of these waters are roily or muddy.

## Western Reserve Gets Science Center Fund

CLEVELAND (AP)—The Kresge Foundation is giving Western Reserve University \$50,000 toward a new science center. The award is contingent upon the university's raising \$5,220,000 by June 1, 1962. The university already has more than this amount — \$5,465,000 — pledged, President John S. Millis said Thursday night. Construction of the center, to include new laboratories, a library and an auditorium, is to begin this summer.

NOTICE OF PUBLIC HEARING  
Notice is hereby given that a public hearing will be held Tuesday, July 19, 1960 at 8:30 P. M. in the Council Chamber of the City of Circleville on the amending of Ordinance No. 3720, which is the original and general zoning ordinance of the City of Circleville of the geographical territory bounded as follows:

Situated in the City of Circleville, County of Pickaway and State of Ohio and described as follows:  
Being part of the Northwest Quarter of Section No. 30 in Township No. 11 and Range No. 20, Worthington Survey. Beginning at an iron stake in the center of the Columbus and Portsmouth Turnpike and in the half section line, thence with said half section line North 86 degrees 40' W. 77 poles and 17 links to a stake in said line and in the West line of Canal Street when extended, thence with the West line of Canal Street when extended North 22 degrees 33' E. 34 poles to a stake, thence South 67 degrees 33' E. 50 poles and 20 links to a stake corner to lands of Robert Stevenson, thence with a line of said Stevenson North 21 degrees 5' E. 7 poles to a stake. Another corner to said Stevenson's thence with another line of said Stevenson South 66 degrees 44' E. 22 poles to an iron stake in the corner of the Columbus and Portsmouth Turnpike, thence with the center of said Turnpike South 29 degrees 4' W. 15 poles and 21 links to the beginning, containing 100 acres and 155 poles, more or less, and being the same premises conveyed to the said James H. Lynch by William Henry Jennings and Fannie Weaver Jennings, his wife, by deed dated Sept. 17, A. D. 1892.  
Except therefrom 0.823 of an acre conveyed to Arnold M. Moats and Doris E. Moats and appearing of record in Pickaway County Deed Records at Page 424.  
Be changed from that of a "Class B Residential Zone Classification" to that of a "Commercial Zone Classification".  
By order of the Council of the City of Circleville, State of Ohio, June 7, 1960.  
Robert J. Shadley  
Clerk of Council

## Crowd Enjoys Plant Picnic

1,400 DuPonters Eat, Play Games

An estimated crowd of between 1,350 and 1,400 persons attended the DuPont plant picnic held Saturday. A picnic lunch of ham, potato salad, baked beans, chicken salad, rolls, hot dogs, pickles and hot coffee was served from 11:30 a. m. to 1 p. m. Ice cream, soft drinks, popovers and coffee was served during the day.

Starting at 2 p. m. free swimming and skating was available to all those who wanted to participate.

The children received helium filled balloons and the antics of "Mermie" the clown, portrayed by Murray Miller and Bill Harrington.

The events started at 12:30 p. m. with a "Hidden Treasure" for children under 6. Golf and horseshoe pitching was held from 11 a. m. to 2 p. m. and bingo was played from 2 to 3:30 p. m. with the grand prize going to Verna Reynolds.

Other races and games consisted of 50 and 100-yard dashes, sack races, shoe scramble three legged races and egg throwing.

**WINNERS** of the various games and races were Beth Dawson, Roy Strawser, Vicki Miller, Skip Hanson, Bette Fraser, Ernie Martin, Bob Fraser, Larry MacFadden, Dick Robbins, Dick Young, John Wilkes, Gene Hanson, Donna Plummer, Grace Fraser, Fiske O'Hara, Bill McKinney, Rudy Chelkowski, Dick Henson and Jack Hutchinson.

The group watched a demonstration of radio controlled model airplanes from 2 to 4:30 p. m., constructed and flown by Howard DeLong and Bill Gaul, Chillicothe.

Chairmen and others in charge of the various picnic activities were Bob Valentine, Jim Diltz, Dusty Rhoades, Ross Spalding, Jeanne Kear, John Grincewich, Jack Hutchison, Gene Walker, Gerry Miller, Ed Whaley, Olin McDaniel, Windy Congrove, Gil Dawson, Dick Robbins, John Wilkes, Gordy Fraser, Al Wyllie, Max Spangler, Kenny Garrison, Howard Snook and Walter Gilmore.

## Rotary Club Hears Talk on Understanding

Charles P. DeNeef, 987 Lynwood Ave., spoke on "Understanding" at the regular noon luncheon meeting of the Circleville Rotary Club yesterday in the Elks Home.

He drew on his experience in chemical matters to find what motivates persons to work together.

DeNeef said: "Men in research have three over all objectives: finding new or improved ways to make existing products better and less costly, finding new products which will contribute to better health and comfort, and finally fundamental research into the laws of nature."

"Research must proceed regardless of the ups or downs of business, Nylon and Neoprene were products of the depression. Du Pont spent around 80 million dollars on research last year and has as many as 1,000 different projects underway at a time."

"Manufacturers must be adaptable to change. Over 50 per cent of the income of Du Pont is from products unknown just 25 years ago and the same proportion is expected in the 1980's. We have a business establishment in this country just as we have on educational or a military establishment — each comprised of units of varying size according to their needs."

"Owners and operators of small businesses do an impressive job and fine ingenuity and ability in facing the problems of the business world."

"In discussing the individual it is interesting to note that understanding is one of the major factors in achieving good relations among people. When we understand why we

Visitors at the home of Mr. and Mrs. Harry Sims last Wednesday were Mrs. Sims' brother-in-law and sister, Mr. and Mrs. Lee Stepp and her nephew, Proctor Harris, of Portsmouth.

Mrs. Lyman Dresbach Sr., went to Chicago last Wednesday for a week's visit with her son, Chief Melvin Lloyd Dresbach and family. He is stationed at Great Lakes Naval Base.

Mr. and Mrs. Lawrence Betz, Mrs. Effie Wolfe, of Kingston, and Mr. and Mrs. Pearl Betz of Columbus went to Hamilton Tuesday, to spend a few days with Mrs. Marc Schneider.

BM2 Lyman Dresbach Jr. is spending a 10-day leave here with his family: Mrs. Dresbach, Jimmie, Jeffrey and Jeanese. He is stationed at Charleston, S. C.

Tim Ellis, son of Mr. and Mrs. Tom Ellis of Memphis, Tenn., came on Tuesday to visit his grandparents, Mr. and Mrs. A. D. Ellis.

His mother and sister, Sherrie, are at present visiting their relatives, and will be here a little later.

MR. AND MRS. W. R. Sunderland met their son-in-law and daughter and their children from Hamilton, for a picnic, Sunday, and brought the granddaughters, Donna and Jeanette, home with them for a visit.

To celebrate their seventh wedding anniversary, Mr. and Mrs. Paul Jones had dinner Saturday evening at the Jai-Lai in Columbus. Accompanying them were Mr. and Mrs. Glen Congrove.

Later they all went to the Sky Room at the Deshler - Hilton for dancing.

The regular meeting of the Ne Plus Ultra Sunday School Class was held in the Social Room of the Methodist Church, Tuesday.

Mrs. L. E. Kerns presided in the absence of the president. During the business meeting it was voted to give \$13 to the Senior MYF for their Camp fund, and \$50 to the Parsonage Fund.

In place of the annual dinner meeting, it was decided to reserve a table for the class at the Salem Fish Fry to be held the latter part of July.

At the close of the meeting, several interesting articles, written by Chet Long, were read by Miss Kathryn Brundige.

Ice cream, strawberries, cookies, and coffee were served by the committee: Mrs. John Davis, Mrs. Pearl Patrick, Mrs. Irene Brooks, and Mrs. T. J. Evans.

react negatively or with intolerance we become acquainted with the personal philosophy of each person and appreciate him."

The speaker's goal is promotion of understanding and it was illustrated that it is not what a man says or means to say that is important to his understanding, but what made him say it.

Human relations are complex and go far beyond the usual superficial impressions of good and evil, DeNeef concluded.

## Speeder Charged

Donald F. Leonard Sr., 33, Columbus, was fined \$20 and costs for speeding yesterday. He was charged in Circleville Municipal Court with driving 70 miles an hour in a 50-miles-an-hour zone.

said Norman Ault, 22, of Arlington, Calif., who added that the change came since he joined the church and gave up a lot of habits such as smoking, drinking and shooting pool.

"The point is," he said, "we're occupied with things that are uplifting, instead of having time on our hands. I'm busier and I enjoy life more than I ever did."

## Grove City Man Accident Victim

Carl H. Jones, 46, Grove City, was injured at 10:50 p. m. yesterday when his auto ran off Route 56, just south of the Route 159 intersection.

Jones was treated at P. ger Hospital for a back injury. He told sheriff's deputies that he was headed south when the wheels of his car went off the side of the road, he lost control and the auto rammed into a ditch.

Both Miss Trainor and Ault are delegates from La Sierra College, of Arlington, one of 11 Adventist

people are here this week for a "Festival of the Holy Scriptures," and to talk about putting Bible principles into youthful practice.

They prescribe a firm code: No dancing, smoking, card-playing or alcoholic beverages; no fraternities or sororities; college parties are chaperoned; movie-going is discouraged, and television is out, except in rare, selected instances. Girls wear no jewelry, little makeup, dress modestly.

It's not a matter of restrictions," said Lauralee Trainor, 19, a pretty, brown-eyed blonde of Orange, Calif. "It's just adopting a better way of life, in a positive sense."

"We're gaining something — a closer walk with God. Most young people live in fear. I have God — someone who is with me every day."
